July 31, 2025

To the Honorable Mayor,
Members of the City Commission, and
Citizens of Boynton Beach, Florida

Re: Annual Comprehensive Report

The Financial Services Department is pleased to submit the Annual Comprehensive Report (ACFR) of the City of Boynton Beach, Florida, for the Fiscal Year ended September 30, 2024. The report fulfills the requirements outlined in the Florida Statutes and the Rules of the Auditor General, Chapter 10.550. In addition to meeting the legal requirements, the report continues to present the City's tradition of full financial disclosure as demonstrated by the informative financial analysis and the exhibits and statistical tables included herein.

Management assumes full responsibility for the completeness and reliability of the information in this report, based on a framework of internal controls established for this purpose. Because the cost of internal controls should not exceed the anticipated benefit, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the data is accurate in all material respects.

The City's independent auditor, CBIZ, Certified Public Accountants, has issued an unmodified ("clean") opinion on the City of Boynton Beach's financial statements for the year ended September 30, 2024. The auditor's report is located at the front of the Financial Section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative, overview, and analysis of the basic financial statements. MD&A complements this transmittal letter, and we suggest reading it to obtain an introduction to the financial statements.

The role of this Annual Comprehensive Financial Report is to assist the City in making sound financial and budgetary decisions to assist in assessing accountability to the City Commission, citizens' bondholders, and management by:

- Comparing actual financial results with the legally adopted budget, where appropriate.
- Assessing financial condition and results of operations.

- Assisting in determining compliance with finance-related laws, rules, and regulations; and
- Assisting in evaluating the efficiency and effectiveness of City operations.

PROFILE OF THE CITY OF BOYNTON BEACH

Known as “America’s Gateway to the Gulfstream,” Boynton Beach is a full-service municipality, providing every City service (not limited to Sanitation, Fire Rescue, Police, Utilities, etc.) for its residents and visitors. Located in the heart of southeast Florida, in the center of Palm Beach County, Boynton Beach is a coastal community consisting of 16.5 square miles, including four miles of the Intracoastal Waterway.

The City has direct access to the Florida Turnpike via Boynton Beach Boulevard and three I-95 exits. The City lies within close proximity to Palm Beach International Airport (14 miles) and Fort Lauderdale/Hollywood International Airport (37 miles). The closest seaports are

Port of Palm Beach (21 miles) and Port Everglades (36 miles). The Tri-Rail commuter train stops in the City, connecting the rider to Palm Beach, Broward, and Miami-Dade Counties. The average annual air temperature in the Palm Beaches is 75° F. The warmest months are usually between June and September. While January and February are the coolest, September and October can be the “wettest” months. The highest recorded temperature was 101°F in 1942, and the lowest recorded temperature was 24°F in 1894.

FORM OF GOVERNMENT

The City of Boynton Beach is the third largest municipality in Palm Beach County, with approximately 80,000 residents. The City of Boynton Beach’s five elected officials include four district commissioners for a three-year term and a mayor-at-large serving a maximum of two (three-year) terms. The City Commission creates the strategic plan for the City, adopts legislation, approves the City’s budget, sets taxes and fees, and appoints the City Attorney. The City Commission appoints a City Manager, who, with a team of more than 10 department directors, 1 Assistant City Manager, a Deputy City Manager, a Fire Chief, and a Police Chief, manages the day-to-day operations for over 80,000 residents and thousands of visitors each year. Various volunteer advisory boards that augment staff, created and member-appointed by the City Commission. The City’s collaborative partners — the Boynton Beach Community Redevelopment Agency (CRA) and the Greater Boynton Beach Chamber of Commerce — also assist in the success of the City.

HISTORY

The City was founded in 1894 by Major Nathan Boynton, a native of Port Huron, Michigan, who had a distinguished career in the American Civil War (pictured to the right).

Major Boynton and his workers brought their families from Michigan and settled in the, yet to be named, new town of Boynton. In the early years of our City, settlers began building what was to become Boynton Beach. Boynton Beach was incorporated in 1920.

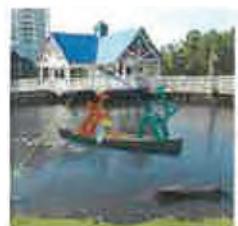

BOYNTON BEACH TODAY

The City operates eight recreation centers, 32 parks, a swimming pool, a municipal beach, and many youth, teen, adult, and senior programs. Various facilities offer over 200 recreational programs, classes, and events for all ages, from toddlers to seniors. Its recreational indoor facilities include tennis and basketball courts, playgrounds, fitness centers, and a pool. One of the four Boynton Beach Ocean inlets also provides public boat ramps, paddle boating, and kayak rentals. In addition, the City operates a municipal golf course, which features an 18-hole Championship Course and a 9-hole Family Course (pictured to the left). It also operates a state-of-the-art library.

Boynton Beach has one of two working full-service marinas in Palm Beach County. Owned and operated by the Community Redevelopment Agency (CRA), the Boynton Harbor Marina offers fishing and scuba diving charters, Jet Ski and boat rentals, and an eclectic collection of waterfront restaurants.

Art and culture are embraced by the City, which houses many works of art in public places throughout the City. Boynton Beach produces the world-famous International Kinetic Art Exhibit and Symposium (art sample pictured to the right) biennially and supports the Boynton Beach Art District's (BBAD) many events, including monthly art walks. In addition, the City is home to popular annual and ongoing events, including Pirate Fest, Movies and concerts at the new amphitheater, Blarney Bash, Earth Day, Holiday Parade, Boat Parade, and 4th of July Fireworks over the Intracoastal Waterway.

There are four public elementary schools in Boynton Beach, including a gifted center, a STEM curriculum-based school awarded Best Elementary School in the nation for the past two years, and an International Baccalaureate (IB) school. Its middle school is a Math, Science, and Technology Magnet that provides aerospace science, dance, theatre, vocal, culinary arts, early childhood, I.T.S. academies, and an aviation maintenance technician school. Supplementing the public schools are five private schools, five charter schools, and several preschools. There are 12 post-secondary institutions within 67 miles of Boynton Beach, including Florida Atlantic University, Florida International University, Palm Beach Atlantic University, Palm Beach State College, and the University of Miami.

July 31, 2025

Re: Annual Comprehensive Report

The City is addressing the biggest challenges of this century—sustainability, energy, and climate change. Being sustainable means meeting the needs of present residents without compromising the ability of future citizenry to meet its needs while balancing environmental stewardship, social responsibility, and economic growth. The pursuit of sustainability has governed the direction of Boynton Beach since 2008, when the City Commission involved employees, citizens, and local businesses in creating policies and programs to promote sustainability.

Strategic Plan Priorities for the City:

- **Culturally Distinct Downtown:** Create a City Center as a cultural district for business and entertainment to serve as the foundation that connects businesses, residents, and visitors.
- **Building Wealth in the Community:** Creating opportunities for shared local community prosperity, equity, and economic sustainability through broad-based asset ownership, anchor jobs, and reparative and inclusive resources.
- **Accessible Transportation and Mobility:** Improve mobility for modes of transportation for all residents, commerce, workforce, and visitors.
- **High-Performing Organization:** Maintain effective and efficient service delivery and continued excellence through organizational governance, internal support, and external services.
- **Safe, Inclusive, and Resilient Public Spaces:** Ensuring access to safe and affordable public spaces.
- **Environmental Sustainability:** Increase climate resilience, preserve natural resources, and adopt cleaner, more efficient energy technologies while maximizing social and economic benefits for City government, residents, and businesses.

Strategic Projects beginning Fiscal Year 2023-24:

- Update the City's Comprehensive Plan to establish industry-specific clusters and defined planning areas.
- Develop an entrepreneurial ecosystem where start-ups and small businesses are supported and grown.
- Expand the City's Strategic Traffic Safety Plan
- Develop a robust, innovative communication strategy to educate and inform the community of City services, programs, and initiatives

July 31, 2025

Re: Annual Comprehensive Report

- Implement a digital City-wide security program that includes security cameras, automatic license plate readers, analytics, and additional sensors.
- Improve reliability, energy efficiency, and functioning of pipelines and other infrastructure serving water, wastewater, reclaimed water, chilled water, and stormwater customers.

The strategic planning process develops coordinated strategic projects that focus on effectively creating the framework for all partners (both internal and external) to ensure that available resources are invested, aligned, and advance the City's priorities and goals. The City's short and long-term successes and competitive environment are key strategic issues addressed in the Adopted Budget. Each City department is aligned to one or more of the six priorities with specific strategies and projects to be accomplished. Department Directors are accountable for meeting these stated strategies and projects while still operating within their approved Operating and Capital Budgets.

Highlights of FY 2023-2024

Employee-Based Priorities To Improve The Organization

For Fiscal Year 2023-24, the Commission has approved funding for employee raises of 5% to 8%. Over the past four fiscal years, the City Commission and the City Manager have consistently offered their employees adjustments to salary ranges or hourly salary increases. These salary adjustments were tied to the retention of qualified staff.

The City will continue to fund its employees' Health Savings Account (HSA), except those affiliated with the Police Benevolent Association. For FY 2023-24, the City contributed a minimum of \$750 to the HSA for each full-time employee (the HSA cost was \$760,635 for FY 2023-24). Additionally, the City provided employees with an "Insurance Stipend" to offset family premium rates. These health savings benefits coincide with the Boynton Beach employee Wellness Program that the City is aggressively promoting to mitigate insurance costs.

The City of Boynton Beach has established a tuition reimbursement program for full-time, non-probationary, unrepresented (General) employees and full-time, non-probationary employees covered under the SEIU Blue Collar or White-Collar Collective Bargaining Agreement. For FY 2023-24, the City expended \$86,400 for tuition reimbursement.

Short Term City-Based Priorities

The City's Building Division launched an online, easy-to-use e-permit system that will modernize how permits are processed for builders and residents. The new Permit Application and Tracking System, which is powered by SagesGov, will allow registered users to perform all permit functions in one convenient place via a portal on the City's website. System features include submitting,

July 31, 2025

Re: Annual Comprehensive Report

tracking, reviewing, inspecting, and closing building permits. The new feature will streamline the Development Application process and will go live with SagesGov in the first quarter of 2024. This new feature will allow the City to streamline internal systems to support economic growth and development.

The Planning & Zoning Division partnered with Gridics, LLC to launch the City's next-generation municipal zoning technology platform. This new platform brings a new level of transparency and ease of use to our zoning code, allowing anyone to access the precise information they need specific to their parcel in an easy-to-use format. This software will provide staff with a code publishing website specifically tailored for land use and comprehensive plan ordinances that can be updated directly in real-time as changes are made and interlink various sections to make it easier for citizens to reference and understand. It will also provide an easy-to-use interactive zoning map website to make it easier for citizens and investors to visualize how zoning districts and overlays impact development throughout the city and offer the ability to look up zoning information such as setbacks, open space, height, density, allowed uses by address, and permitted types of businesses. The implementation of this software aligns with the City's Strategic Priority of High-Performing Organization. It will enable the City to provide effective and efficient services and helpful tools for residents, businesses, and developers looking to live, work, and invest in the City.

~~In alignment~~ with the City's Strategic Plan Priority of Environmental Sustainability, the City continues to build on its Tree Canopy Enhancement Program to increase city-wide tree canopy from 16.1% in 2020 to 20% by 2035. The City annually gives away 800 to 1,200 trees and palms used for City property and rights-of-way, and will develop an urban forestry management plan.

The City recognizes the role parks serve in creating sustainable communities. To provide sustainability, the City is considering innovative ways to fund tomorrow's potential. This consideration includes strategies such as collaboration between parks departments and other public agencies, civic investment from individuals and private foundations through public-private partnerships, concessions, marketing sponsorships, and entrepreneurial activities. The General Government FY 2023-24 capital budget for Park & Recreation improvements shows expenditures in the amount of \$2.4 million.

Long Range Priorities/Financial Plans

The City's Recreation and Parks Department is developing a Recreation and Parks System Master Plan that will assess existing conditions of the parks and recreation system, programs, services, staffing, and funding, and identify parks and recreation trends, needs, and priorities. The Master Plan will provide strategic and resilient recommendations for improving and providing facilities, programs, services, parkland acquisition, and development in the City and guide the direction, development & delivery of the City's parks & recreation services for the next 10+ years.

As part of our Building Wealth in the Community Strategic Plan Priority, the City has invested in the development of a comprehensive Economic Development Plan that will guide the City's long-term economic development priorities and create a "plan of action" based on current and projected

economic, industry, and real estate trends. The Plan will align City policies and investments to maximize City assets and evaluate current and future economic trends to chart a course towards a sustainable and equitable economy that will grow jobs and careers, advance opportunities for prosperity, and create vibrant neighborhoods and communities. The goal is to: overcome challenges that currently impede the City's competitiveness in attracting, retaining, and developing high-growth industries, stimulate (re)development and strengthen commercial centers and corridors, strengthen and diversify the City's retail market, and support small businesses and start-ups. For FY 2023-2024, the Economic Development department adopted a budget of \$546, with expenses of \$518K.

The Planning and Zoning Division continues to implement the City's Complete Street and Mobility Plan recommendations by continually reviewing opportunities for multimodal transportation and expanding pedestrian facilities. The Complete Streets and Mobility Plan's long-term goal is to address the growing need and desire for a balanced transportation network that adequately accommodates all modes of transportation to improve safety and comfort for people walking, biking, driving, and using transit. The Complete Street and Mobility Plan will encourage pedestrian walkability and bicycling to create a healthier, more sustainable community. This aligns with the City Commission's Vision Zero policy to eliminate traffic fatalities and severe injuries among all road users, and to ensure safe, healthy, and equitable mobility for all. The Plan will also examine and address traffic congestion, improve local multimodal circulation, and adopt new transportation technologies. This Strategic Objective is part of the City's Strategic Plan Priority of Accessible Transportation and Mobility.

The City is working to integrate the Strategic Priority of Environmental Sustainability into all government planning and operations. The 2020 Climate Action Plan established targets of reducing greenhouse gas (GHG) emissions 50% below 2015 levels by 2035 and achieving net-zero emissions by 2050. The City continues to track progress toward these goals through annual government and community emissions inventories. Boynton Beach joined the Cities Race to Zero, a global campaign to accelerate GHG reductions, and has analyzed high-impact GHG reduction actions such as renewable energy, electric vehicle adoption, and building efficiency.

The City updated its climate change vulnerability assessment (CCVA), which incorporated sea level rise projections for 2040 and 2070, and is working to develop a climate adaptation and resilience plan following the CCVA recommendations that will be funded under a Resilient Florida Program planning grant. The City of Boynton Beach, Florida, FY 2024-2025 Adopted Budget 22 Budget Summary will build upon the CCVA and help the City align high-priority projects with critical infrastructure most susceptible to climate-related threats, such as sea level rise and flooding. The plan is anticipated to be completed by Spring 2026.

The preparation and issuance of this ACFR report represents countless hours of work. I thank the Financial Services Department's many individuals and Finance Director Alan Lawson, who are responsible for maintaining financial records upon which we base this report for its completion.

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

Independent Auditors' Report

To the Honorable Mayor, City Commission and City Manager
City of Boynton Beach, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Boynton Beach, Florida (the "City"), as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements or budgetary comparison schedule of the Boynton Beach Community Redevelopment Agency ("CRA"), which includes the Boynton Beach CRA Special Revenue Fund, and the Boynton Beach CRA Bond Project Fund, both major governmental funds, which represents 15%, 40%, and 14%, respectively, of the assets and deferred outflows of resources, net position, and revenues of the governmental activities of the City. We also did not audit the financial statements of the City of Boynton Beach General Employees' Pension Fund, the City of Boynton Beach Police Officers' Pension Fund, and the City of Boynton Beach Firefighters' Pension Fund, fiduciary funds of the City (the "Plans"), which combined with the non-major governmental fund (the CRA Bond Projects Fund) of the CRA, collectively represent 93%, 93%, and 76%, respectively, of the assets and deferred outflows of resources, fund balance/net position, and revenues/additions of the aggregate remaining fund information of the City. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the CRA and the Plans, are based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("Government Auditing Standards"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 14 and pension information and other postemployment benefits information on pages 108 through 115 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statement, as listed in the table of contents, and the schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and Chapter 10.550, Rules of the Auditor General are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and the schedule of expenditures of federal and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Matter – 2023 Summarized Comparative Information

The financial statements of the City as of and for the fiscal year ended September 30, 2023, were audited by Marcum LLP whose report dated June 28, 2024 expressed unmodified opinions. The summarized comparative information presented herein as of and for the fiscal year ended September 30, 2023 was derived from the 2023 financial statements.

The financial statements of the Boynton Beach Community Redevelopment Agency, the City of Boynton Beach General Employees' Pension Fund, the City of Boynton Beach Police Officers' Pension Fund, and the City of Boynton Beach Firefighters' Pension Fund as of and for the fiscal year ended September 30, 2023, were audited by other auditors whose reports were dated November 30, 2023, March 28, 2024, February 13, 2014 and February 21, 2024, respectively, expressed unmodified opinions. The summarized comparative information presented herein as of and for the fiscal year ended September 30, 2023 were derived from the 2023 financial statements.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
(MD&A)**

MANAGEMENT'S DISCUSSION AND ANALYSIS

This discussion and analysis provides a narrative overview and introduction to the City's financial position and results of operations as of and for the fiscal year ended September 30, 2024 organized under the following topics:

- Financial highlights (Page 5),
- Discussion of the basic financial statements (Pages 5 to 8),
- Government-wide overall financial analysis (Pages 8 to 11),
- Discussion of major funds (Pages 12 to 13),
- Summary of General Fund budgetary results, (Pages 13),
- Review of capital assets and debt administration (Pages 13 to 14), and
- Future budgetary outlook (Page 14).

FINANCIAL HIGHLIGHTS

- The City's net position at September 30, 2024 totals \$280,275,340 representing a \$24,230,410 increase from the net position at September 30, 2023. For 2024, approximately 55% of the net position is attributable to business-type activities (primarily our Water and Sewer System). For 2023, approximately 58% of the net position was attributable to our business-type activities. The City's 2024 net position is summarized as follows:
 - \$272,072,518 is the net investment in capital assets,
 - \$17,105,367 is restricted for public safety, grant programs, debt service, capital projects and other purposes,
 - \$8,902,545 is an unrestricted net deficit.
- The City's total fund balances (available financial resources) of all governmental funds at September 30, 2024 were \$91,714,898 in comparison with \$75,597,217 in the prior year. The 2024 fund balances of individual governmental fund types are:
 - \$30,140,621 - General Fund
 - \$18,993,115 - Special Revenue Funds (restricted, committed, assigned or unassigned for specific purposes)
 - \$ 7,344,854 - Debt Service Funds (accumulated to repay principal and interest on outstanding debt)
 - \$35,236,308 - Capital Project Funds (committed or assigned for capital improvements)
- The General Fund includes \$13,280,012 committed for emergencies pursuant to a City Ordinance requiring 10% of the subsequent year's General Fund expenditures be set aside for emergencies and \$6,640,006 committed for budget stabilization to stabilize tax rates. Other than \$490,503 representing nonspendable prepaid items and \$230,319 assigned to the 2024/2025 budget, the remaining \$9,499,781 of unassigned fund balance of the General Fund is available (a) to mitigate future revenue shortfalls and unanticipated expenditures, (b) to stabilize tax rates, and (c) to provide for working capital to minimize short-term borrowing for operations.
- General Fund unassigned fund balance represents approximately 7.8% of total General Fund 2024 expenditures.

DISCUSSION OF THE BASIC FINANCIAL STATEMENTS

The City's basic financial statements comprise three components:

1. Government-Wide Financial Statements,
2. Fund Financial Statements, and
3. Notes to the Financial Statements.

Government-Wide Financial Statements - The government-wide financial statements provide readers with a broad overview of the City's finances for both its governmental activities and business-type activities. They include two financial statements:

- Statement of Net Position
- Statement of Activities

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

These statements consolidate all the City's governmental and proprietary funds similar to those of a private sector business, but exclude pension funds held in trust for others since these funds cannot be used for the City's programs. The pension funds are included in the fund financial statements since the City is accountable for those resources.

The ***Statement of Net Position*** presents information on all of the City's assets owned, plus deferred outflows and liabilities owed plus deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or weakening.

The ***Statement of Activities*** presents information showing how the City's net position changed during the most recent fiscal year. The City reports all changes in net position as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, some revenues and expenses reported in this statement will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish between functions of the City that are either:

- *Governmental Activities* – principally supported by taxes and intergovernmental (grant) revenues or,
- *Business-type Activities* – intended to recover all or a major part of their costs through user fees and charges.

The governmental activities of the City include general government activities, public safety, physical environment, economic environment, and culture and recreational programs. The business-type activities of the City primarily include water and sewer, sanitation, and recreational (golf course) facilities.

Both government-wide financial statements include not only the City itself, but also a legally separate entity, the Boynton Beach Community Redevelopment Agency (the "CRA"), that is a *component unit* for which the City is financially accountable. The City reports the financial information for the CRA within the governmental funds and activities of the City. See Note 1 of the Notes to the Financial Statements for additional information on the CRA.

The government-wide financial statements can be found on pages 15 through 16 of this report.

Fund Financial Statements - A *fund* is a grouping of related accounts established to maintain control over resources segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The City groups its funds into three categories:

- Governmental Funds
- Proprietary Funds, and
- Fiduciary (Pension) Funds.

Governmental Funds account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on:

- Near-term inflows and outflows of spendable financial resources.
- Balances of spendable financial resources available at the end of the fiscal year.

Such information may be useful in evaluating the City's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

The City maintains a number of individual governmental funds. Financial information is presented separately for each “major fund” of the City in a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balance. The City’s major governmental funds are:

- General Fund
- Boynton Beach Community Redevelopment Agency (CRA) Special Revenue Fund
- American Rescue Fund
- Boynton Beach Community Redevelopment Agency (CRA) Bond Project Fund

Financial information for the remaining “non-major” funds is combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of *combining statements* in the Combining and Individual Fund Financial Statements section of this report.

The City adopts an annual appropriated budget for certain governmental funds. A budgetary comparison statement has been provided for the General Fund, Boynton Beach CRA Special Revenue Fund and other budgeted funds to demonstrate compliance with the adopted budget.

The basic governmental fund financial statements can be found on pages 17 through 22 of this report.

Proprietary Funds include enterprise funds and internal service funds providing the same type of information as the government-wide financial statements, only in more detail.

Enterprise funds account for *business-type activities* that charge fees to customers for the use of specific goods or services. The basis of accounting of the financial statements is similar to the basis used to prepare the government-wide financial statements. The City uses enterprise funds to account for its water, wastewater and stormwater utility system, sanitation operations, and municipal golf course.

Internal service funds are an accounting device used to accumulate and allocate costs internally among the City’s various functions that serve only City departments. The City uses internal service funds to account for its fleet of vehicles, its self-insurance activities, and its warehouse operations. Because these services predominantly benefit governmental rather than business-type functions, they have been included within the *governmental activities* in the government-wide financial statements.

The proprietary fund financial statements provide separate information for the water, wastewater and stormwater utility system and for the sanitation operations, both of which are considered to be major funds of the City, and the one non-major enterprise fund. Conversely, the three internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds are provided in the form of *combining statements* in the Combining and Individual Fund Financial Statements section of this report.

The City’s proprietary fund financial statements can be found on pages 23 through 28 of this report.

Fiduciary Funds account for resources held for the benefit of parties outside the City that represent separate pension plans for general employees, police officers and firefighters. The City does not include fiduciary funds in the government-wide financial statements because the resources of those funds are not available to support the City’s own programs, but are held for the benefit of employees upon retirement. The accounting used for fiduciary funds is much like that used for proprietary funds. The operations of these Plans lead to the recording of related deferred outflows/inflows, pension expense, and net pension liability on the City’s financial statements. Separate from these plans, the City Commission is covered by the Florida Retirement System (FRS), a multi-employer defined benefit plan administered by the State of Florida. The net pension liability (NPL), deferred outflows/inflows and pension expense related to the FRS plan is not considered significant to the City and City management has decided not to record or disclose the FRS activity in the City’s financial statements.

The City’s fiduciary fund financial statements can be found on pages 29 and 30.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Notes to the Financial Statements - The notes provide additional information and disclosure that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 31 through 108 of this report.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* (RSI) concerning the City's progress in funding its obligation to provide pension benefits and other postemployment benefits to its employees. Required supplementary information related to these benefits can be found on pages 108 to 115 of this report.

This report also contains other supplementary information immediately following the RSI, which includes the combining and individual fund financial statements beginning on page 116.

GOVERNMENT-WIDE OVERALL FINANCIAL ANALYSIS

Net Position - As noted previously, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by \$254,741,141 at the close of the most recent fiscal year.

Summary of Net Position
(Amounts in Thousands)

	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023
Current and other assets	\$ 170,382	\$ 152,097	\$ 53,156	\$ 58,572	\$ 223,538	\$ 210,669
Capital assets	<u>205,444</u>	<u>203,091</u>	<u>177,639</u>	<u>175,674</u>	<u>383,083</u>	<u>378,765</u>
Total Assets	<u>375,826</u>	<u>355,188</u>	<u>230,795</u>	<u>234,246</u>	<u>606,621</u>	<u>589,434</u>
Deferred outflows of resources	12,607	42,591	4,403	10,942	17,010	53,533
Long-term liabilities outstanding	218,796	264,375	73,874	88,785	292,670	353,160
Other liabilities	<u>13,330</u>	<u>19,517</u>	<u>5,310</u>	<u>5,983</u>	<u>18,640</u>	<u>25,500</u>
Total Liabilities	<u>232,126</u>	<u>283,892</u>	<u>79,184</u>	<u>94,768</u>	<u>311,310</u>	<u>378,660</u>
Deferred inflows of resources	28,895	6,073	3,151	2,189	32,046	8,262
Net Position						
Net investment in capital assets	117,014	107,487	155,058	152,301	272,072	259,788
Restricted	17,105	13,287	--	--	17,105	13,287
Unrestricted (deficit)	<u>(6,707)</u>	<u>(12,960)</u>	<u>(2,195)</u>	<u>(4,070)</u>	<u>(8,902)</u>	<u>(17,030)</u>
Total Net Position	<u>\$ 127,412</u>	<u>\$ 107,814</u>	<u>\$ 152,863</u>	<u>\$ 148,231</u>	<u>\$ 280,275</u>	<u>\$ 256,045</u>

A significant portion of the City's net position (\$272,072,518 or 97.1%) reflects its investment in capital assets (e.g., land, buildings, and equipment), less any debt and deferred inflows/outflows related to those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (\$17,105,367 or 6.1%) represents resources that are subject to external restrictions on how they may be used. The remaining balance is an unrestricted net deficit of \$8,902,545 or -3.2%.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

At the end of the current fiscal year, the City reported positive balances in total net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The majority of the deficit in unrestricted net position of the governmental activities resulted from the adoption of GASB Statement No. 68 to record the net pension liabilities.

Change in Net Position. Total net position increased in fiscal year 2024 by \$24,230,410 with governmental activities increasing the City's net position by \$19,598,054 and business-type activities increasing the City's net position by \$4,632,356. Key elements of these changes are summarized as follows:

	Summary of Change in Net Position						Total Primary Government	
	Governmental Activities		Business-type Activities		2024			
	2024	2023	2024	2023	2024	2023

Transfers	<u>11,554</u>	<u>12,436</u>	<u>(11,554)</u>	<u>(12,436)</u>	<u>--</u>	<u>--</u>		
Change in Net Position	19,598	19,278	4,632	(9,278)	24,230	10,000		
Net Position - Beginning of Year	107,814	88,536	148,231	157,509	256,045	246,045		
Net Position - End of Year	\$ 127,412	\$ 107,814	\$ 152,863	\$ 148,231	\$ 280,275	\$ 256,045		

- Tax increment revenues received from both the City and the County have been included as a result of the Community Redevelopment Agency being a blended component unit of the City; all of its financial information is reported within governmental activities.
- Property taxes have increased due to two main factors: the growth in sales and the rise in assessed property values. For Public Safety, the primary cost increases are related to employment and personnel expenses. Utility

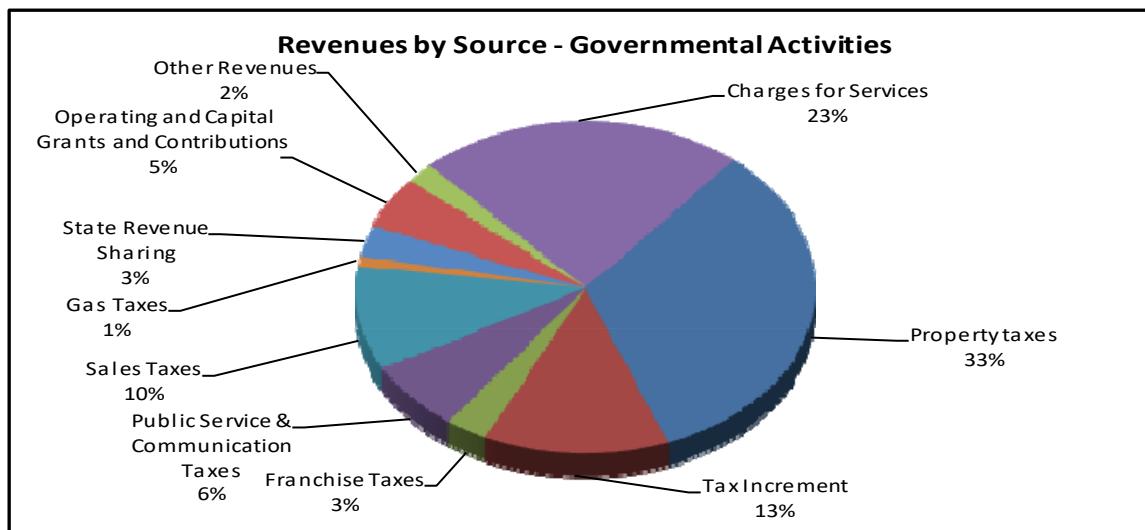

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

expenses are consistently rising due to aging city infrastructure and inflationary costs for parts and repairs. Additionally, there has been an increase in the cost of chemicals.

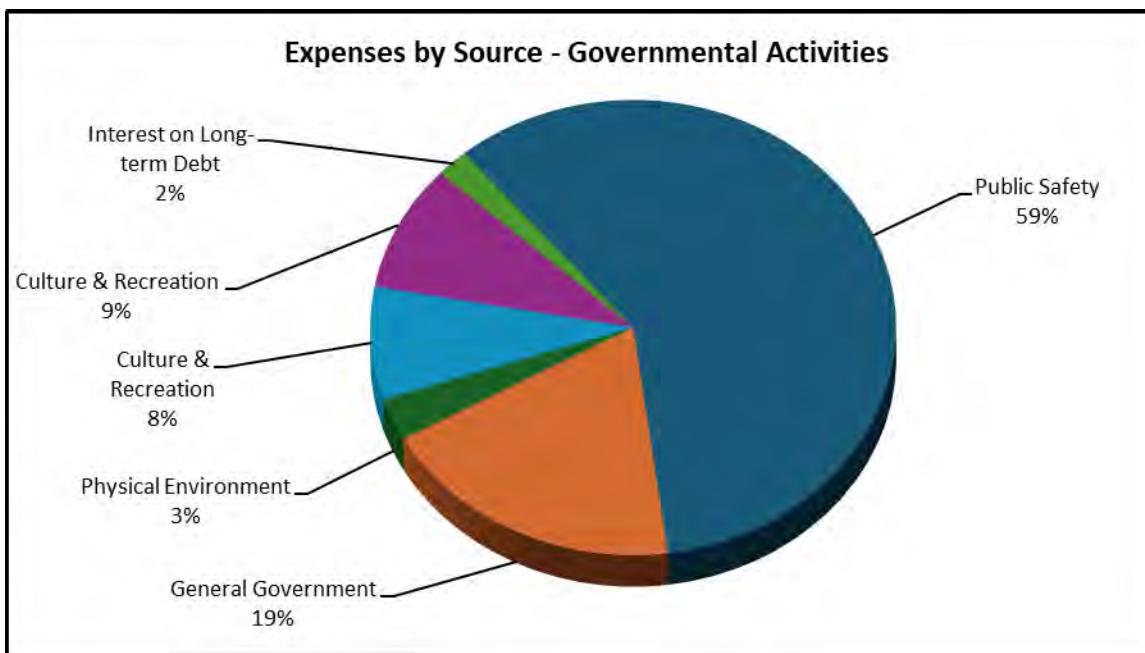

- Increases in water and sewer charges for services account for a major portion of the increase in net position before transfers to governmental activities.

Governmental Activities

Taxes (property taxes, tax increment, franchise taxes, public service and communications taxes, sales taxes and gas taxes) continue as the major revenue source for the City's governmental activities representing 67% of revenues in FY 2023-2024, compared to 64% in FY 2022-2023.

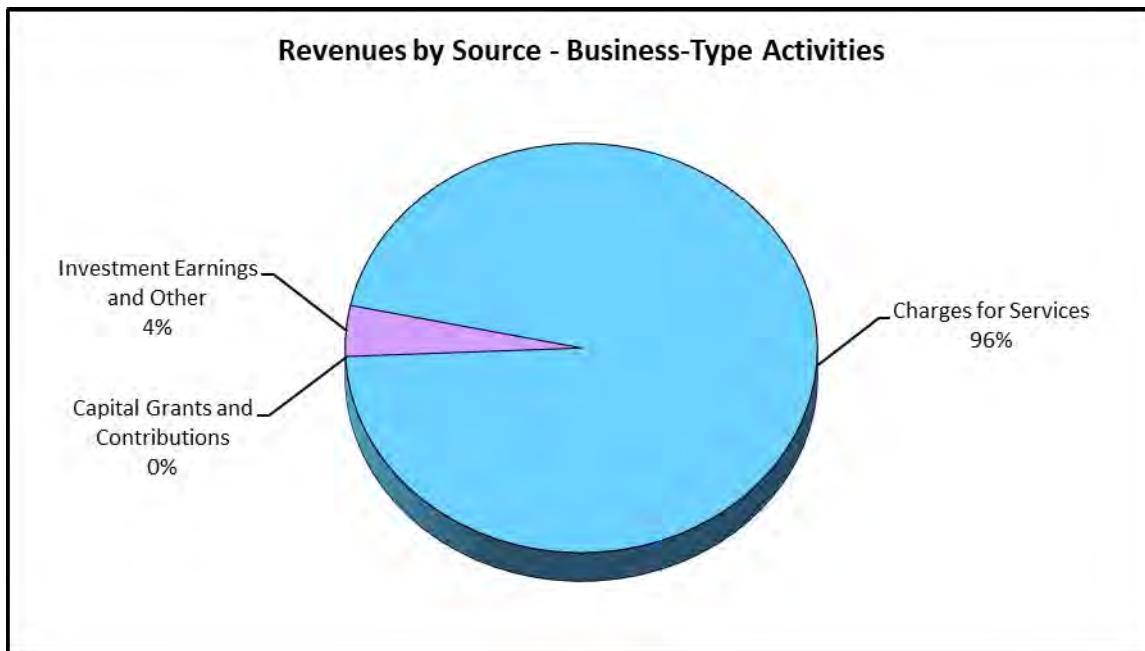

Public safety (Police, Fire, and 911 Communications) expenses aggregate 59% of total expenses of governmental activities in FY 2023-2024 compared to 61% in FY 2022-2023.

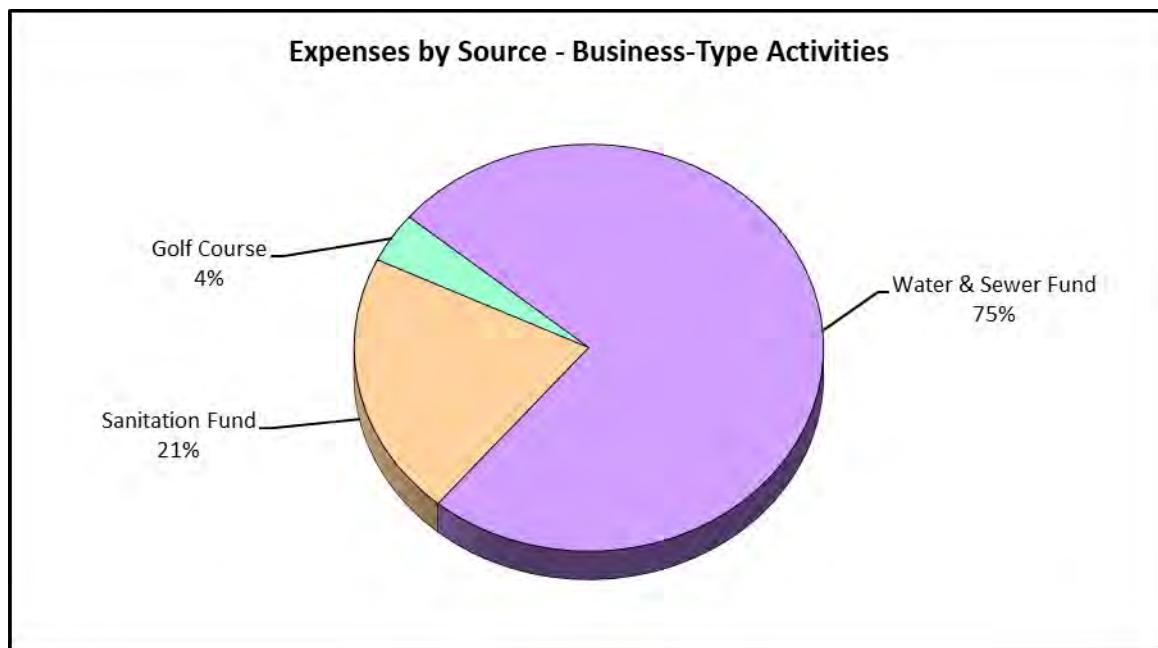

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Business-Type Activities

Charges for services represent 96% of all revenues in FY 2023-2024 compared to 95% in FY 2022-2023. The charges include those for water, wastewater, stormwater, sanitation and golf course revenues.

The Water and Sewer Fund expenses accounted for 75% of the expenses of the City's business-type activities in FY 2023-2024 and in FY 2022-2023. The Sanitation Fund accounted for 21% of the expenses in FY 2023-2024 and FY 2022-2023. The Golf Course accounted for 4% of the expenses in FY 2023-2024 and FY 2022-2023.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

DISCUSSION OF MAJOR FUNDS

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. According to U.S. generally accepted accounting principles (GAAP), the City identifies and separately reports certain major governmental funds and major proprietary funds. The following paragraphs discuss the financial highlights of these selected major funds.

Governmental Funds - The City's major governmental funds discussed are:

- General Fund
- Boynton Beach Community Redevelopment Agency (CRA) Special Revenue Fund
- American Rescue Fund
- Boynton Beach CRA Bond Projects Fund

The City's *governmental funds* focus on providing information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

- The **General Fund** is the primary operating fund accounting for all unrestricted operating expenditures of the City. Revenues plus transfers from other funds and issuance of capital leases aggregated \$132.0 million while expenditures plus net transfers to other funds totaled \$127.0 million resulting in a \$5.0 million increase in fund balance for the year. The increase in fund balance for 2024 was primarily attributable to increased property taxes due to higher property valuations. The ending fund balance of \$30.1 million includes \$13.3 million committed by City Ordinance for emergencies, \$6.4 million committed for budget stabilization, \$230,000 assigned for the FY 2024-2025 budget and \$491,000 for prepaid items that is nonspendable. The remaining \$9.5 million, representing approximately 7.8% of annual General Fund expenditures, is unassigned and available (a) to mitigate future revenue shortfalls and unanticipated expenditures and (b) to provide for working capital to minimize short-term borrowing for operations.

General Fund comparative financial statements for 2024 and 2023 are on pages 118-119.

- The **Boynton Beach CRA Special Revenue Fund** accounts for all of the CRA's general operations. Major revenues for the year included property tax increment revenue of \$21.6 million and charges for services of \$2.3 million. Expenditures included \$4.5 million for general government operations, and transfers to other funds of \$19.3 million for redevelopment projects. Fund balance increased by approximately \$410,000. At the end of 2024, approximately \$4.8 million of fund balance was committed and assigned for future economic development, primarily redevelopment projects, and \$56,000 was nonspendable.

The CRA Special Revenue Fund comparative financial statements for 2024 and 2023 are on pages 120-121.

- The **American Rescue Fund** accounts for the revenues and expenditures associated with the Coronavirus State and Local Fiscal Recovery Funds established by the American Rescue Plan Act (ARPA), which was signed into law on March 11, 2021. The City received approximately \$6.0 million in funds and expended \$108,000 during the fiscal year. The City transferred the remaining balance of \$5.9 million to cover the cost of eligible capital projects.

The America Rescue Fund comparative financial statements for 2024 and 2023 are on pages 122-123.

- The **Boynton Beach CRA Bond Project Fund** accounts for the CRA's capital projects that are funded by bonds. Major revenues and other financing sources for the year included transfers in of \$17.1 million and investment earnings of \$694,000. Expenditures included \$9.4 million for economic environment and capital outlay of \$2.7 million. Fund balance increased by approximately \$5.9 million. At the end of 2024, approximately \$19.1 million of fund balance was committed and assigned for future economic development, primarily redevelopment projects.

The Boynton Beach CRA Bond Project Fund comparative financial statements for 2024 and 2023 are on pages 124-125.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Proprietary Funds - The City's major proprietary funds are:

- Water and Sewer Fund
- Sanitation Fund

The City's major proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the City's major proprietary funds at September 30, 2024 is summarized as follows:

\$39,596,631 – Water and Sewer Fund
\$ 723,841 – Sanitation Fund

The above total unrestricted net position compares to \$36,919,593 for the Water and Sewer Fund and \$(1,058,043) for the Sanitation Fund at the end of 2023. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

Water and Sewer Fund comparative financial statements for 2024 and 2023 are on pages 127 to 131 and Sanitation Fund comparative financial statements for 2024 and 2023 are on pages 132 to 134.

SUMMARY OF GENERAL FUND BUDGETARY RESULTS

The original General Fund budget appropriation for expenditures and transfers to other funds approved for FY 2023-2024 was \$119,116,402. There was a mid-year budget amendment to expenditures and transfers resulting in a final appropriation for FY 2023-2024 of \$125,773,902. Total expenditures alone of \$118,643,204 for the year were \$3,096,464 greater than the final appropriation for expenditures. Departmental budget details are reflected on page 21.

The original and final General Fund budgeted revenues were \$99,534,275 for FY 2023-2024. Actual revenues were greater than the final budget by \$4,207,159 for FY 2023-2024 due to an increase in charges for services revenue and increased investment earnings due to the increase in interest rates.

REVIEW OF CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets - The City's investment in capital assets (including intangible assets) for its governmental and business-type activities as of September 30, 2024, totals \$383,082,897 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, equipment, park facilities, streets, utility lines and wells and intangible assets. The total net increase in the City's investment in capital assets for the current fiscal year was approximately \$4.3 million or 1.1% (a 1.2% increase for governmental activities and a 1.1% increase for business-type activities). Capital assets are summarized as follows:

Capital Assets - Net of Accumulated Depreciation/Amortization
(Amounts in Thousands)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2024	2023	2024	2023	2024	2023
Land	\$ 39,945	\$ 37,565	\$ 5,132	\$ 5,132	\$ 45,077	\$ 42,697
Construction in progress	10,541	9,735	23,752	13,258	34,293	22,993

Leases (Right-to-use-assets)	4,343	5,231	245	244	4,588	5,475
Subscription based (Right to use assets)	1,815	2,608	284	389	2,099	2,997
Total	\$ 205,444	\$ 203,091	\$ 177,639	\$ 175,674	\$ 383,083	\$ 378,765

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Additional information on the City's capital assets can be found in Note 3.E beginning on page 69.

Long-Term Liabilities - At the end of the current fiscal year, the City had total outstanding long-term debt (revenue bonds, notes payable, capital lease agreements, installment agreements and subscriptions) of \$148,937,731, excluding net unamortized bond premium, as summarized below:

Long-Term Liabilities (Amounts in Thousands)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2024	2023	2024	2023	2024	2023
Revenue bonds	\$ 11,497	\$ 15,669	\$ 59,790	\$ 66,030	\$ 71,287	\$ 81,699
Capital lease (Town Square)	71,232	73,081	--	--	71,232	73,081
Lease liability	4,456	5,266	172	252	4,628	5,518
Subscription liability	1,525	2,149	266	362	1,791	2,511
Total	\$ 88,710	\$ 96,165	\$ 60,228	\$ 66,644	\$ 148,938	\$ 162,809

The revenue bonds, notes payable and capital leases are secured solely by specified revenue sources and the installment agreements are secured by equipment. The City's long-term debt decreased by approximately \$14 million, or 8.5% during the current year, primarily due to the repayment of debt during the current year.

Additional information on the City's long-term liabilities can be found in Note 3.H. beginning on page 73.

FUTURE BUDGETARY OUTLOOK

The City considered the following economic factors in developing the 2024/2025 fiscal year budget.

- In certain parts of the city, housing prices are rising in the City and nearby areas, and this trend is expected to continue next fiscal year. This trend is expected to be not as significant as in year past few years.
- The City reports an ongoing rise in permit issuance for new construction and remodeling projects.
- Taxable values are expected to slightly increase for fiscal year 2024/2025 as both home sales and value growth have decelerated.
- Adoption of a General Fund budget for the 2024/2025 fiscal year of \$130.3 million, which was an increase of \$11.8 million or 9.9% from the final 2023/2024 budget.
- Adoption of a property tax millage rate decreased from prior year to 7.8 mills down 0.5.
- An increase of \$25 for Fire Assessment fee which impacted the budget \$1.5 million of additional revenue.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions or requests for additional information should be addressed to: Director of Financial Services, 100 E. Ocean Avenue, Boynton Beach, FL 33435, (561) 742-6310.

CITY OF BOYNTON BEACH, FLORIDA

RECONCILIATION OF THE FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION OF GOVERNMENTAL ACTIVITIES

SEPTEMBER 30, 2024

Fund balances reported in the Balance Sheet of total governmental funds. \$ 91,714,898

Amounts reported as fund balance in the governmental funds Balance Sheet (above) are different from the total net position for governmental activities in the Statement of Net Position (below) because of a different measurement focus and basis of accounting between the two statements resulting in the following increases and decreases.

Increases:

Capital assets are not financial resources. Therefore, they are not reported in the Balance Sheet of governmental funds. However, they are reported in the Statement of Net Position of governmental activities. 195,171,205

The City uses internal service funds to charge the costs of fleet management, risk management, and warehouse services to individual governmental and enterprise funds. The majority of these costs are charged to governmental funds. Therefore, the total net position of internal service funds are included with governmental activities in the Statement of Net Position. 16,850,356

The internal service funds have operations with cumulative positive income results over the years; primarily for excess service charges to governmental funds to pre-fund fleet replacement. Those excess charges have reduced the fund balances reported in the Balance Sheet of total governmental funds above. Since internal service funds should operate at a break-even basis, the cumulative excess charges are added back to the above fund balances. 43,450,647

Deferred outflows of resources for deferred charges on debt refundings are reported in the Statement of Net Position but are recognized in the governmental funds as proceeds and repayment of debt. 511,069

Decreases:

The net pension liability and deferred outflows and inflows of resources related to defined benefit pension plans and other postemployment benefits are reported in the statement of net position. Because the net pension liability and other postemployment benefits liability do not represent available, spendable resources, they are not reported in governmental funds.

Net pension liability	(105,603,805)
OPEB liability	(6,075,905)
Deferred outflows related to other postemployment benefits	543,827
Deferred outflows related to pensions	11,000,593
Deferred inflows related to other postemployment benefits	(1,483,356)
Deferred inflows related to pensions	(20,730,500)

Governmental funds recognize the proceeds and the repayment of noncurrent bonds and notes payable, capital leases and installment agreements as a change in fund balance included above. However, governmental activities report noncurrent bonds and notes payable, leases, subscriptions and installment agreements payable as liabilities in the Statement of Net Position thus decreasing the fund balance of governmental funds. (88,709,990)

Governmental funds do not recognize interest on the above noncurrent debt as an expense and an accrued liability until it is due and payable. However, accrued interest is reported as an expense and liability in the government-wide financial statements. (57,282)

Compensated absences that are not due and payable in the current period are not reported in the governmental funds. However, they are reported as a liability in the Statement of Net Position for governmental activities thus reducing net position. (9,169,921)

Net position reported in the Statement of Net Position of governmental activities. \$ 127,411,836

The accompanying notes are an integral part of these financial statements.

CITY OF BOYNTON BEACH, FLORIDA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR FISCAL YEAR ENDED SEPTEMBER 30, 2024

Net change in fund balances reported in the Statement of Revenues, Expenditures, and Changes in Fund Balance of total governmental funds \$ 16,117,681

Amounts reported as changes in fund balances in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances (above) are different from the change in net position of governmental activities in the Statement of Activities (below) since a different measurement focus and basis of accounting between the two statements results in the following increases and decreases.

Increases:

Capital outlay, reported as expenditures in governmental funds, is reported as capital assets in the Statement of Net Position rather than expenses. 12,298,067

The City uses internal service funds to charge the costs of fleet management, risk management, warehouse services and benefits to individual governmental and enterprise funds. The net revenue of certain activities of internal service funds are included with governmental activities in the Statement of Activities.

Transfers	\$ 7,893,871	
Nonoperating revenue	1,408,063	
Consolidation of operating loss related to governmental funds	<u>(3,144,649)</u>	6,157,285

Governmental funds recognize the repayment of noncurrent bonds, notes, capital leases and installment agreements payable as a change in fund balance included above, however, the repayment has no effect on the change in net position of governmental activities below.

Issuance of subscription based IT arrangements	\$ (39,031)	
Repayment of noncurrent bonds, notes, installment agreements, leases and subscriptions	<u>7,494,378</u>	7,396,587

Decreases:

Depreciation and amortization expense on governmental capital assets included in the Governmental Activities in the Statement of Activities below, but not included in the net change in fund balances reported in the Statement of Revenues, Expenditures, and Changes in Fund Balance of total governmental funds above.

Depreciation and amortization expense	(9,971,212)	
---------------------------------------	-------------	--

Governmental funds report certain debt related items as revenues and expenditures when those items are first incurred because they provide or require the use of current financial resources. As a result, the impact of those items has been included in the above net change in fund balance. However, these items must be amortized over the life of the related debt when reported in the Statement of Activities.

Amortization of deferred charges on debt refundings	(207,828)	
---	-----------	--

Some expenses reported in the statement of activities are not reported in the funds because they have no effect on current financial resources.

Accrued interest on noncurrent debt	\$ 17,996	
Compensated absences expenses	(213,200)	
Other postemployment benefits	(1,694,659)	
Pension expense	<u>(9,777,562)</u>	(11,667,425)

The net effect of transactions involving capital asset dispositions (i.e., sales and trade-ins). (525,101)

Change in Net Position of Governmental Activities \$ 19,598,054

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The City of Boynton Beach (the “City”) is a Florida municipality established in 1920 by the Laws of Florida, Section 24398, pursuant to the authority provided in Chapter 165, Florida Statutes. The City is governed by an elected five-member Commission and provides a full range of municipal services including public safety, planning and zoning, sanitation, highways and streets, recreation and park facilities, public improvements, water, wastewater and stormwater services, and general administration functions.

Under governmental accounting and financial reporting standards, the reporting entity consists of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the City’s financial statements to be misleading or incomplete. The primary government is financially accountable if it appoints a voting majority of an organization’s governing body and imposes its will on that organization. The primary government may also be financially accountable if an organization is fiscally dependent on the primary government regardless of the authority of the organization’s governing board. Legally separate organizations outside of the primary government, which meet the criteria for financial accountability, are component units of the reporting entity.

The accompanying financial statements present the City as the primary government, with its blended component unit, the Boynton Beach Community Redevelopment Agency (the “CRA”), and a joint venture, the South Central Regional Wastewater Treatment and Disposal Board (the “Board”).

Blended Component Unit. The Boynton Beach Community Redevelopment Agency operates under the authority of Florida Statutes Chapter 163, Part III and City Ordinance Number 83-41 to finance and develop certain targeted areas in the City. The City is financially accountable for the CRA and in accordance with City Ordinance Number 11-009 and pursuant to Florida Statutes, Section 163.357, the Mayor and City Commissioners plus two (2) additional members appointed by the City Commission comprise the governing board of the CRA, and the City approves the CRA’s budget and guarantees the CRA’s debt. Accordingly, the CRA meets the criteria to blend its activities with the funds of the City’s financial statements. The CRA has a September 30 fiscal year-end and issues separate, audited financial statements which are available from the CRA at 710 North Federal Highway, Boynton Beach, Florida 33435.

Joint Venture. The South Central Regional Wastewater Treatment and Disposal Board is an independent special district created by the cities of Boynton Beach and Delray Beach to operate a regional wastewater treatment facility serving both cities. The Board’s governing body is comprised of the City Commissions of Boynton Beach and Delray Beach, who

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. REPORTING ENTITY (CONTINUED)

exercise equal control and oversight. The City accounts for its investment in the Board as a joint venture recorded on the equity method of accounting as discussed in Note 3.D. The Board has a September 30 fiscal year-end and issues separate, audited financial statements which are available at their administrative offices located at 1801 North Congress Avenue, Delray Beach, Florida 33445.

Related Organizations. The Quantum Park Overlay Dependent District (the “QPODD”) was created on October 18, 2005 by City Ordinance 05-061. The Quantum Community Development District (“QCDD”) was created on July 16, 1991 by City Ordinance 091-48. The High Ridge/Quantum Community Development District (“High Ridge CDD”) was created on August 17, 2004, by City Ordinance 04-062. The QPODD, QCDD and High Ridge CDD are collectively referred to as the Districts and were formed pursuant to the Florida Uniform Dependent District Act of 1980. Members of each District’s governing body are elected at a bi-annual meeting of the landowners in the respective District’s area, although members of the governing body are subject to removal by the City Commission. The City does not provide funding, approve budgets, retain any financial interest or have any obligation for debt and cannot impose its will on the Districts. Accordingly, the three Districts are not included in the City’s financial reporting entity.

B. GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements include the statement of net position and the statement of activities that encompass all non-fiduciary activities of the City. Both statements report separate information on the *governmental activities* and the *business-type activities* of the City and its blended component unit. Governmental activities are functions primarily supported by taxes and grants. Business-type activities are those functions supported by charges for services and user fees.

The statement of activities demonstrates the degree to which the direct expenses of a given function or program are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or program. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or program, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Taxes and other items not included among program revenues are reported as *general revenues*.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. FUND FINANCIAL STATEMENTS

The basic financial statements include separate fund financial statements for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The governmental funds and enterprise funds financial statements report *major* funds as separate columns in the respective fund financial statements.

The City reports the following funds as major governmental funds:

The *General Fund* (the City's primary operating fund) accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Boynton Beach CRA Special Revenue Fund* accounts for the activity and redevelopment projects of the CRA covering a specified redevelopment area in downtown Boynton Beach, whose primary restricted revenue source is from tax increment revenue.

The *American Rescue Fund* accounts for revenues and expenditures associated with the Coronavirus State and Local Fiscal Recovery Funds established by the American Rescue Plan Act (ARPA), which was signed into law on March 11, 2021.

The *Boynton Beach CRA Bond Projects Fund* accounts for capital projects funded through bonds issued by the Boynton Beach Community Redevelopment Agency.

The City reports the following major proprietary funds:

The *Water and Sewer Fund* accounts for the activities related to providing water, wastewater and stormwater services to the public.

The *Sanitation Fund* accounts for the activities related to providing trash collection and disposal services to the public.

Additionally, the City reports the following fund types:

Internal Service Funds account for the activities related to providing fleet services, risk management, and warehouse services to other departments of the City.

Pension Trust Funds account for the activities of the City's three defined benefit pension funds which accumulate resources for pension benefit payments to City employees.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Water and sewer and other proprietary fund revenues are recognized as earned when the services are provided.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues available if collected within 60 days of the end of the current fiscal year.

Property taxes, franchise taxes, public service taxes, state shared revenues and charges for services and investment income associated with the current fiscal period are all considered susceptible to accrual and are recognized as revenues of the current fiscal period. For special assessments, only the portion of the special assessment receivable due within the current fiscal period is considered susceptible to accrual as revenue of the current fiscal period. Business taxes and other revenues collected in advance of periods to which they relate are recorded as unavailable revenues, a deferred inflow of resources. Grant revenue is recorded when the related expenditures/expenses are incurred and the eligibility requirements have been met. All other revenue items are measurable and available only when the City receives the cash.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

E. FINANCIAL STATEMENT PRESENTATION

The City maintains its accounting records in accordance with the principles and policies applicable to governmental entities set forth by the Governmental Accounting Standards Board (“GASB”) as U.S. generally accepted accounting principles (“GAAP”).

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. FINANCIAL STATEMENT PRESENTATION (CONTINUED)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the City's water and sewer function and various other functions of the City.

Amounts reported as program revenues include: (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer, sanitation, and golf course enterprise funds, and of the City's internal service funds, are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Since the principal users of the internal services accounted for in the City's internal service funds are governmental activities, the financial statements of internal service funds are consolidated into the governmental activities column at the government-wide level and the costs of the internal services are charged to the appropriate functional activity. Surpluses or deficits in the internal service funds are allocated back to customers at the government-wide level which creates a reconciling item between the business-type activities column at the government-wide level and the proprietary fund statements at the fund level.

F. POOLED CASH AND INVESTMENTS

Pooled cash and investments consist of petty cash on hand, demand and money market deposits with financial institutions, money market mutual funds and investments with authorized Florida intergovernment investment pools. Interest earned on pooled cash and investments is allocated to individual funds based on their average daily pooled cash and investment balances. For purposes of the statement of cash flows, the City considers all highly liquid investments (including restricted assets) with an original maturity or availability of three months or less to be cash equivalents, unless they are held as part of the City's long-term investment portfolio.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. POOLED CASH AND INVESTMENTS (CONTINUED)

All deposits with financial institutions were entirely covered by a combination of federal depository insurance and a collateral pool pledged to the State Treasurer of Florida by financial institutions which comply with the requirements of Florida Statutes and have been designated as a *qualified public depository*. Qualified public depositories are required to pledge collateral to the State Treasurer with a fair value equal to a percentage of the average daily balance of all government deposits in excess of any federal deposit insurance. In the event of a default by a qualified public depository, all claims for government deposits would be satisfied by the State Treasurer from the proceeds of federal deposit insurance, pledged collateral of the public depository in default and, if necessary, a pro rata assessment to the other qualified public depositories. Accordingly, deposits with qualified public depositories are considered fully insured or collateralized.

The Florida intergovernmental investment pools authorized by the City include the Florida PRIME Fund (“Florida PRIME”) and the Florida Fixed Income Trust (“FIT”). Participants in the investment pools are limited to governmental entities in the State of Florida. Florida PRIME is operated by the Florida State Board of Administration in a manner consistent with SEC Rule 2a7 of the Investment Company Act of 1940. Rule 2a7 allows SEC registered mutual funds to use amortized cost, rather than fair value, to report net position used to compute share prices if certain conditions are met. Those conditions include restrictions on the types of investments held, restrictions on the term-to-maturity of individual investments and the dollar-weighted average of the portfolio, requirements for portfolio diversification, and requirements for divestiture considerations in the event of security downgrades and defaults, and required actions if the fair value of the portfolio deviates from amortized cost by a specified amount. The fair value of the position in the pool is considered to be the same as the City’s account balance (amortized cost) in the pool.

FIT is organized by Florida public agencies under Florida Statutes Section 163, the Florida Interlocal Cooperation Act, for the purpose of operating independent investment pools for local governments in Florida and are administered by a Board of Trustees elected by the participants in the pool. FIT is exempt from registration under the Securities Act of 1933, the Investment Company Act of 1940 and the Florida Securities and Investors Protection Act. FIT operates four fixed income funds with differing cash management and investment goals. The fair value of investments in FIT is the net asset value (“NAV”) of each fund based on the fair value of the fund’s underlying investment portfolio as determined by the fund administrator at the end of each month.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. POOLED CASH AND INVESTMENTS (CONTINUED)

The City's pension trust funds investments consist of money market mutual funds, U.S. Government and Agency obligations, mortgage-backed securities, domestic and international corporate obligations, equity securities, equity mutual funds, equity investment funds and alternative investments consisting of fixed income investment funds and real estate investment funds. City and Pension Fund investment policies do not allow investments in derivatives. All investments are reported at fair value, except for money market mutual funds, Florida PRIME and FIT, which are reported at amortized cost which approximates fair value. Purchases and sales of investments are recorded on the trade date. Realized and unrealized gains and losses on investments are reflected in current operating results as investment earnings. Realized gains and losses on investments held at the end of the prior year and sold during the current year include the change in fair value from the beginning of the year to the date sold.

G. RECEIVABLES

Receivables in the governmental funds include delinquent property taxes, billings for general City services, various taxes due from local businesses, and amounts due from other governments for shared revenues, taxes and grants. All property tax and other receivables are reported net of an allowance for uncollectible accounts.

Accounts receivable in the proprietary funds include amounts due for various City services and utilities, provided primarily to local businesses and residents. Accounts receivable are reported net of an allowance for uncollectible accounts determined based on the age of the individual receivable and historical collection trends. Accounts receivable are written off on an individual basis in the year the City deems them uncollectible. An allowance for uncollectible accounts has been provided for those accounts where collectability appears to be doubtful. The City does not require collateral from its customers, except for the Water and Sewer Fund, which requires deposits for services. The City maintains an allowance for doubtful accounts at a level which management believes is sufficient to cover potential credit losses.

H. UNBILLED SERVICE RECEIVABLES

The City's enterprise funds recognize revenue on the basis of monthly cycle billings to customers for services provided. As a result of this cycle billing method, there are unbilled receivables at the end of each fiscal year with respect to services provided, but not billed at such date. It is the policy of the City to accrue the unbilled service amounts at year-end. The public service taxes owed to the City on the unbilled services are recorded as receivables in the Public Service Tax Debt Service Fund. All unbilled receivables are billed in the following month.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. LEASE RECEIVABLES

The City engages in various lease agreements throughout the year in which it is the lessor. The City recognizes a lease receivable and a deferred inflow of resources to account for these leases. At the commencement of the lease, the City initially measured the lease receivable and the deferred inflow of resources at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. Key estimates related to the lease include the discount rate used to discount the expected lease payments to present value, the lease term and the lease receipts. The City estimated the incremental borrowing rate as the discount rate. The City monitors changes in circumstances that would require remeasurement of its leases and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

J. INTERFUND RECEIVABLES AND PAYABLES

Activity between funds that represents interfund lending/borrowing that is outstanding at year end is classified as “*due to/due from other funds*”. Any such balances outstanding between governmental activities and business-type activities in the government-wide financial statements are classified as “*internal balances*.”

K. PREPAID ITEMS AND INVENTORIES

Expenditures/expenses for insurance premiums and other administrative expenses extending over more than one accounting period are accounted for as prepaid items/expenses and allocated between accounting periods. Inventories are valued at average cost which approximates market. Inventories are accounted for using the consumption method, whereby inventories are recorded as expenditures in the period when used.

L. INVESTMENT IN JOINT VENTURE

The City accounts for its investment in the jointly owned South Central Regional Wastewater Treatment and Disposal Board as a joint venture recorded on the equity method of accounting. This investment is included in the City’s Water and Sewer Enterprise Fund statement of net position as Investment in Joint Venture.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. RESTRICTED ASSETS

The City classifies certain amounts of pooled cash and investments in the Water and Sewer Enterprise Fund as restricted assets because their use is legally restricted for monies held for customers as security deposits, revenue bond covenant requirements and capital improvements. The net position of the Water and Sewer Enterprise Fund is restricted to the extent that restricted assets exceed liabilities payable from restricted assets.

N. CAPITAL ASSETS

Capital assets include land, intangibles, buildings, equipment, infrastructure, and right-to-use (leased) assets. The City reports these assets in the applicable governmental or business-type activities columns in the government-wide statement of net position and in the statements of net position for enterprise and internal service funds.

The City defines capital assets as assets with an initial, individual cost of more than \$750 and an estimated useful life in excess of one year. The City records the value of intangible right-to-use assets based on the underlying leased asset in accordance with GASB Statement No. 87, *Leases*. Donated capital assets are recorded at the date of donation at acquisition value, which is the price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at the date of acquisition. Capital asset acquisitions are recorded as capital outlay expenditures in the governmental fund financial statements.

All costs relating to the construction of facilities are capitalized including salaries, employee benefits, contracted services, and materials. Prior to adoption of GASB Statement No. 89, the City also capitalized interest incurred during the construction phase of capital assets of business-type activities as part of the capitalized cost of the assets constructed. Costs which materially extend the useful life of existing properties are capitalized. However, the City does not capitalize the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives.

The City reviews the carrying value of its long-lived assets to ensure that any impairment issues are identified and appropriately reflected in the financial statements. Should the expected cash flows be less than carrying value, an impairment loss would be recognized to reduce the carrying value. There was no impairment loss recorded during the current fiscal year.

Infrastructure assets of the governmental activities are reported in the government-wide financial statements. Governmental activities infrastructure assets include roads, bridges, streets and sidewalks, curbs and gutters, lighting systems and similar assets that are immovable and generally of value only to the City.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. CAPITAL ASSETS (CONTINUED)

The City calculates depreciation of capital assets using the straight-line method over the estimated useful life of the asset. The right-to-use intangible assets are amortized over the term of the contract. The estimated useful lives of the capital assets are as follows:

Equipment	3-12 years
Buildings and other improvements	10-40 years
Water/wastewater/stormwater system	15-50 years
Infrastructure	15-50 years

O. SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The City has entered into contracts that convey control of the right to use information technology software and has recorded subscription-based information technology arrangements (“SBITA”) assets and liabilities as a result of implementing GASB Statement No. 96, *subscription-based information technology arrangements*. The SBITA assets are initially measured at an amount equal to the initial measurement of the related SBITA liability plus any SBITA payments made prior to the subscription term, less SBITA incentives, plus any ancillary charges necessary to place the SBITA into service. Subsequently, the SBITA liability is reduced by the principal portion of payments made. The SBITA assets are amortized on a straight-line basis over the life of the related contract.

The cost of normal maintenance and repairs that do not add to the value of the assets or material extend the asset lives are not capitalized and are expense as incurred. The City monitors changes in circumstances that would require a remeasurement of its SBITA’s and will do so if certain changes occur that would be expected to significantly affect the amount of the lease liability.

SBITA assets are reported with capital assets and SBITA lease liabilities are reported with long-term debt on the statement of net position of the government-wide financial statements and in the proprietary fund financial statements.

P. UNAVAILABLE / UNEARNED REVENUE

Unearned revenue in the Governmental Activities and unavailable revenue in the Governmental Funds includes amounts received in advance for business licenses, grants and long-term receivables for various housing assistance programs provided by the City. Unearned revenue in the Business-type Activities and Proprietary Funds is composed of advance utility payments from customers and other amounts received in advance of the related services being provided by the City.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. COMPENSATED ABSENCES

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits in varying amounts based on length of service. Upon termination, employees are paid accumulated vacation at the pay rate on the date of termination. Employees are compensated for a maximum of 50% of accumulated sick leave upon termination, depending on the employee's hire date and length of service. Compensated absences, including related payroll taxes, are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

R. NONCURRENT LIABILITIES

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other noncurrent obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the term of the respective debt issue using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Debt issuance costs are expensed in the period the debt is issued.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as debt issuance costs, during the current period. The debt issued and premiums received on debt issuances are reported as other financing sources, while discounts on debt are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

S. LEASES PAYABLE

The City engages in various lease agreements in which it is the Lessee. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide and proprietary fund financial statements to account for these leases. At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the term of the contract. Key estimates and judgments related to lessee leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) the lease term, and (3) the lease payments. The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

S. LEASES PAYABLE (CONTINUED)

of fixed payments and the exercise price of any purchase options that the City is reasonably certain to exercise. The City monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability. Lease assets are reported with capital assets as right-to-use intangible assets and lease liabilities are reported as capital lease payable in long-term debt in the statement of net position.

T. DEFERRED OUTFLOWS / INFLOWS OF RESOURCES

In addition to assets and liabilities, the government-wide statement and proprietary funds statements of net position report a separate section for deferred outflows or deferred inflows of resources. The separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The City reports deferred charges on debt refundings and deferred amounts related to other postemployment benefits (“OPEB”) and pensions as deferred outflows of resources on the government-wide statement of net position. The deferred charges on debt refundings were losses resulting from the difference in the carrying value of refunded debt and its reacquisition price. These amounts are deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred amounts related to OPEB and pensions result from differences between expected and actual experience and investment earnings, changes in assumptions, or other actuarial inputs. The deferred amounts are amortized to OPEB and pension expense in a systematic and rational manner over a period equal to the average expected remaining service lives of employees provided with benefits through the OPEB and pension plans, including inactive employees.

The separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenues) until that time. The City’s deferred inflows of resources on the government-wide and proprietary funds statements of net position consist of deferred amounts related to OPEB and pensions and the unamortized portion of lease receivables. The deferred inflows of resources related to OPEB and pensions results from differences between expected and actual experience which are deferred and included in OPEB and pension expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the OPEB and pension plans (active employees and inactive employees). The City also has one item, unavailable revenues, which arises only under the modified accrual basis of accounting and is reported as a deferred inflow of resources on the governmental funds balance sheet. The unavailable revenues include amounts received in advance for business licenses, grants and long-term receivables for various housing assistance programs provided by the City. These amounts are deferred and recognized as an inflow of resources in the year that the amounts become available.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

U. NET POSITION / FUND BALANCE

Net Position

Net position of the government-wide and proprietary funds are categorized as *net investment in capital assets, restricted or unrestricted*. Net investment in capital assets is that portion of net position that relates to the City's capital assets net of accumulated depreciation and net of related deferred inflows/outflows reduced by the portion of the assets that have been acquired through the use of long-term debt. This amount is offset by any unspent debt proceeds that are outstanding at fiscal year-end.

Restricted net position is that portion of net position that has been restricted for general use by external parties (creditors, grantors, contributors, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation.

The government-wide statement of net position reports governmental activities restricted net position and business-type activities restricted net position and the proprietary funds statement of net position reports restricted net position for the following purposes:

Public Safety – Net position of the governmental activities are restricted for certain funds that are legally restricted by Florida Statutes to law enforcement capital expenditures and police education.

Grant Programs – Net position of the governmental activities are restricted for grant funds that are legally restricted by grantors to allowable costs for specific grant programs.

Debt Service – Net position of the governmental activities are restricted for CRA debt service funds that are legally restricted to the payment of principal and interest on the CRA's bonded debt.

Capital Projects – Net position of the governmental activities are restricted for local option gas tax funds that are legally restricted by Florida Statutes to capital improvements for roads and streets and the one-cent sales tax surcharge that is restricted for infrastructure projects.

Other Purposes – Net position of the governmental activities are restricted for assets held in trust in the Community Service Fund that are restricted for specific purposes.

Unrestricted net position consists of net position not included in net investment in capital assets or restricted.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

U. NET POSITION / FUND BALANCE (CONTINUED)

Fund Balance

In the fund financial statements, governmental funds report fund equity classifications that comprise a hierarchy based primarily on the extent to which the City is legally bound to honor the specific purposes for which amounts in fund balance may be spent. The fund balance classifications are summarized as follows:

Nonspendable - Nonspendable fund balances include amounts that cannot be spent because they are either: 1) not in spendable form; or, 2) legally or contractually required to be maintained intact.

Restricted - Restricted fund balances include amounts that are restricted to specific purposes either by: 1) constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments; or, 2) imposed by law through constitutional provisions or enabling legislation.

Committed - Committed fund balances include amounts that can only be used for specific purposes pursuant to constraints imposed by the City Commission through an ordinance.

Assigned - Assigned fund balances include amounts that are constrained by the City's intent to be used for specific purposes. The City Commission assigns fund balance through the annual budget or by adopting a resolution delegating authority to a City Official or other Board.

Unassigned - Unassigned fund balances include amounts that are not assigned to other funds and have not been restricted, committed, or assigned to specific purposes in the General Fund. The unassigned deficit represents the fund balance deficit of certain non-major special revenue funds that will be funded through future revenues of those funds or transfers from other funds.

The City considers restricted fund balances to be spent when expenditures are incurred for the restricted purpose. The City considers committed, assigned or unassigned fund balances to be spent when expenditures are incurred for purposes for which amounts in any of those fund balance classifications could be used.

Minimum Fund Balance Policy

Generally, the City strives to maintain 10% to 20% of the following year's budgeted expenditures to provide for short-term revenue fluctuations and other emergency purposes. However, the City has not adopted a formal policy establishing a minimum fund balance requirement.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

V. PROPERTY TAXES

Ad valorem property taxes are assessed as of January 1 and levied the following October. Property taxes are due March 31 and become delinquent on April 1. Delinquent tax certificates are sold on June 1 and become a lien on the property. All property taxes are collected by the Palm Beach County Tax Collector and remitted to the City. Revenue is recognized at the time monies are received from Palm Beach County. At September 30, estimated unpaid delinquent taxes are recorded as a receivable and offset by an allowance for estimated uncollectability. State Statutes permit municipalities to levy property taxes at a rate not to exceed 10 mills (\$10.00 for each \$1,000 of assessed valuation).

During 2007, the Florida Legislature passed property tax reform legislation limiting the property tax levies of local governments in the State of Florida. Local governments that adopt a property tax levy in excess of the limit under State law will lose their Half-Cent Sales Tax distribution from the State for the succeeding twelve months. For the fiscal year ended September 30, 2024, the maximum tax levy allowed by a majority vote of the governing body is generally based on a percentage adjustment applied to the prior year (2023/2024) property tax revenue. The percentage adjustment is calculated based on the compound annual growth rate in the per capita property taxes levied for five preceding fiscal years. State law allows local governments to adopt a higher millage rate based on the following approval of the governing body: 1) a majority vote to adopt a rate equal to the adjusted current year rolled-back millage rate plus an adjustment for growth in per capita Florida personal income; 2) a two-thirds vote to adopt a rate equal to the adjusted current year roll back millage rate plus 10%; or, 3) any millage rate approved by unanimous vote of the governing body or voter approved referendum.

W. ON-BEHALF PAYMENTS

The City receives on-behalf payments from the State of Florida to be used for Police Officers and Firefighters pension benefits. These on-behalf payments are recorded as intergovernmental revenue and public safety expenditures in the GAAP basis government-wide and General Fund financial statements, but are not budgeted and therefore are not included in the General Fund budgetary comparison statement. On-behalf payments to the City totaled \$2,767,280 for the fiscal year ended September 30, 2024.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

X. INTERFUND TRANSACTIONS

Transactions between funds during the year consisted of loans, services provided, reimbursements and transfers. Loans are reported in the fund financial statements as *Due from Other Funds* and *Due to Other Funds* as appropriate and are subject to elimination in the government-wide financial statements. The outstanding balances between funds result mainly from the time lag between the dates that 1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Services, deemed to be reasonably equivalent in value, are treated as revenue and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are presented as transfers. Transfers within the governmental and business-type activities are eliminated in the government-wide financial statements.

Y. USE OF ESTIMATES

Management uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of assets, liabilities and deferred inflows/outflows, the disclosure of contingent assets and liabilities, and the reported revenues and expenses/expenditures. Actual results could vary from the estimates that were used.

Z. IMPLEMENTATION OF GASB STATEMENTS

The City considered the new accounting standards which effective dates are applicable for the fiscal year ended September 30, 2024.

GASB Statement No. 100, *Accounting Changes and Error Corrections* did not have a significant impact on the City's financial statements.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. CONCENTRATION OF CREDIT RISK

The City performs ongoing credit evaluations of its customers and generally does not require collateral, except for customer deposits in the City's Water and Sewer Fund. The City maintains an allowance for uncollectible accounts at a level which management believes is sufficient to cover potential credit losses. Generally, the allowance includes accounts over 90 days past due. Accounts receivable are written off on an individual basis in the year the City deems them uncollectible. Subsequent collections on accounts that were previously written off are recorded as revenue in the year received.

B. ENCUMBRANCES

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as part of the budgetary accounting system in the general, special revenue and capital projects funds. However, all encumbrances outstanding at fiscal year end lapse.

C. BUDGETS AND THE BUDGETING PROCESS

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) Prior to July 15, the City Manager submits a tentative budget to the City Commission for consideration and approval. The budget is prepared by fund, function and activity, and is made available to the public at this time.
- 2) Informal budget workshops are held by the City Commission to review the proposed budget and to obtain public comment.
- 3) The City advises the Palm Beach County Tax Collector of the proposed millage rate, the rolled-back millage rate, and the day, time and place of the public hearing for budget acceptance.
- 4) The public hearing is held to obtain final taxpayer input and to adopt the final budget.
- 5) The budget and related millage rates are legally enacted through passage of an ordinance.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

C. BUDGETS AND THE BUDGETING PROCESS (CONTINUED)

6) Changes or amendments to the total budgeted expenditures of a fund and transfers between funds must be approved by the City Commission. There were four (4) budget amendments that increased the General Fund budgeted expenditures by \$6,657,500 for the fiscal year ended September 30, 2024. Various other non-major funds were adjusted to recognize additional revenues and unforeseen expenditures and to provide a budget for various transfers.

Department heads may transfer appropriations within their department with the approval of the Financial Services Department. Changes or amendments to total budgeted expenditures of a department require approval of the City Manager. Accordingly, the legal level of control for budget appropriations is exercised at the fund level.

Appropriated budgets are legally adopted on a modified-accrual basis for the following funds: 1) General Fund; 2) Boynton Beach CRA Special Revenue, Local Option Gas Tax, Community Improvements, Public Art, Recreation Program, Boynton Beach Memorial Park (special revenue funds); 3) Public Service Tax Debt Service (debt service fund); and, 4) General Capital Improvements (capital projects fund). The General Fund revenues and expenditures reported in the Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual differ from the revenues and expenditures reported on the GAAP Basis because on-behalf payments from the State of Florida for Police Officers' and Firefighters' pensions are not budgeted in the General Fund.

For fiscal year September 30, 2024, the American Rescue Fund did not have a legally adopted budget.

The General Fund differences in revenues and expenditures are reconciled as follows:

	Revenues	Expenditures
Budgetary basis	\$ 103,741,434	\$ 118,643,204
On-behalf payments for pension benefits	<u>2,767,280</u>	<u>2,767,280</u>
GAAP Basis	<u>\$ 106,508,714</u>	<u>\$ 121,410,484</u>

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

C. BUDGETS AND THE BUDGETING PROCESS (CONTINUED)

Non-appropriated budgets are prepared for the City's enterprise funds (Water and Sewer Fund, Sanitation Fund, and Golf Course Fund) and internal service funds (Vehicle Service Fund, Warehouse Fund and Self Insurance Fund). The operations of the following funds: 1) Grants, FEMA Hurricane, SHIP Grant, CDBG Grant, Traffic Safety, Green Building, Community Services and Building Fund (special revenue funds); 2) Boynton Beach CRA Debt Service (debt service fund); 3) Parks & Recreational Facilities, Boynton Beach CRA Bond Projects and Local Government Surtax Improvement (capital projects funds); and, 4) all fiduciary funds are non-budgeted financial activities.

D. DEFICIT FUND EQUITY

The Grants Fund, American Rescue Fund and the Community Improvements Fund (special revenue funds) had deficit fund balances of \$326,819, \$50 and \$702,588, respectively, at September 30, 2024. For the Grants Fund, the deficit was caused by program expenditures that were paid but not eligible for grant reimbursement until 60 days after the end of the current fiscal year. For the Community Improvements Fund, the deficit was caused by lower than expected revenues for the City's low-income home improvement program. The City anticipates receiving additional funds or reducing expenditures for these programs in fiscal year 2024. Those expenditures within these funds have been consistent; however, the revenues fluctuate year to year. The City anticipates that revenues will increase over the next two fiscal years as larger new projects begin.

The Warehouse Fund and Self Insurance Fund (internal service funds) had a deficit net position of \$76,854 and \$3,600,733, respectively, due to higher than anticipated expenses for the Warehouse Fund and higher claims for the Self Insurance Fund. The City plans to increase charges over the next two fiscal years to cover the deficits.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS

A. INVESTMENTS

The City has adopted an investment policy to establish guidelines for the efficient management of its cash reserves. The City's investment policy limits permitted investments to the following:

- 1) Florida PRIME Fund or any authorized intergovernmental investment pool pursuant to Florida Statues Section 163.01 may comprise up to 60% of the portfolio and 50% of the portfolio for investments with a floating net asset value (NAV). Individual issuers are limited to a maximum of 35% of the portfolio and 20% of the portfolio for investments with a floating NAV. Investment pools must have a minimum credit rating of AAf by a Nationally Recognized Statistical Rating Organization (NRSRO).
- 2) United States Government negotiable direct obligations guaranteed by the United States Government may comprise up to 100% of the portfolio with the exception of Treasury Strips which are limited to 10% of the portfolio. Maturities are limited to 5 years from the date of settlement.
- 3) United States Government Agency bonds, debentures, notes, or callable securities issued or guaranteed by the United States Government may comprise up to 100% of the portfolio. Individual issuers are limited to a maximum of 40% of the portfolio. Maturities are limited to 5 years from the date of settlement.
- 4) Federal Instrumentalities that are negotiable direct obligations or obligations the principal and interest of which are issued or guaranteed by United States Government sponsored enterprises may comprise no more than 80% of the portfolio. Individual issuers may comprise no more than 40% of the portfolio. Maturities are limited to 5 years from the date of settlement. Eligible securities must be senior debt obligations issued by an Instrumentality carrying the same credit rating by two NRSROs as that of the U.S. Treasury. Securities of such an Agency or Instrumentality with a rating below that of the U.S. Treasury may be considered corporate debt.
- 5) Mortgage-Backed Securities guaranteed by a U.S. Government Agency may comprise no more than 20% of the portfolio. Individual issuers may comprise no more than 5% of the portfolio. Maturities are limited to 5 years from the date of settlement. The date corresponding to its average life is considered to be its maturity. Eligible securities must be senior debt obligations with the same credit rating as U.S. Treasury obligations by two NRSROs. Securities of such an Agency or Instrumentality with a rating below that of the U.S. Treasury may be considered corporate debt. The following securities are not permitted: securities collateralized with any portion of Sub-Prime Mortgages or Alt-A Mortgage obligations, collateralized debt obligations, collateralized bond obligations, collateralized loan obligations, Structured Investment Vehicles, or Special Purpose Entity Obligations.

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. INVESTMENTS (CONTINUED)

- 6) Non-negotiable interest bearing certificates of deposit with a financial institution secured by Chapter 280, Florida Statutes, may comprise up to 40% of the portfolio. Individual issuers may comprise a maximum of 20% of the portfolio. Maturities are limited to 3 years from the date of settlement. At the time of deposit, the financial institution must have a minimum 3-star rating from Bauer Financial. Financial institutions with ratings below 3-stars are limited to FDIC insured amounts.
- 7) Money market savings accounts in a Qualified Public Depository may comprise up to 100% of the portfolio. Individual depositories are limited to 25% of the portfolio, except for accounts with the City's main depository institution, which can be up to 100%. The money market savings account must have daily liquidity and the financial institution must have a minimum 3-star rating from Bauer Financial. Financial institutions with a rating below 3 stars are limited to FDIC insured amounts.
- 8) Repurchase agreements may be comprised of only those investments set forth by the City's Master Repurchase Agreement. A third party custodian shall hold collateral for all repurchase agreements with a term longer than one business day. The mark-to-market value of collateral must be a minimum of 102% during the term of the repurchase agreement. Repurchase agreements may comprise a maximum of 20% of available funds. One business day agreements and overnight sweep agreements are limited to a maximum of 50% of the portfolio. A maximum of 10% of available funds may be invested with any one financial institution. One business day and overnight sweep agreements are limited to a maximum of 30% of the portfolio. Maturities are limited to 90 days from the date of settlement. At the time of purchase, the repurchase agreement counterparty must have a minimum rating of A by two NRSROs.
- 9) Commercial paper must be U.S. dollar denominated and may comprise up to 25% of the portfolio. Individual issuers are limited to 5% of the portfolio and a maximum of 10% can be invested in any one sector. At the time of purchase, the commercial paper must have a minimum short-term rating of A-2 or P-2 or equivalent by an NRSRO and have a minimum long-term rating of A by two NRSROs. If the commercial paper is backed by a letter of credit (LOC), the long-term debt of the LOC provider must be A rated or better by at least two NRSROs. Maturity is limited to no longer than 270 days from the settlement date.

A. INVESTMENTS (CONTINUED)

- 10) Corporate notes issued by U.S. corporations or by depository institutions licensed by the United States may comprise no more than 25% of the portfolio. Individual issuers are limited to 5% of the portfolio and a maximum of 10% can be invested in any one sector. Maturity is limited to 5 years from the date of settlement. Corporate notes must have a minimum rating of A by two NRSROs.
- 11) State and local government taxable and tax-exempt debt securities may comprise no more than 25% of the portfolio. Individual issuers must not have been in default within five years prior to the date of purchase and are limited to 10% of available funds. Securities must have a minimum rating of A by two NRSROs for long-term debt. For short-term securities, the issuer must have a minimum rating of MIG-2 (Moody's), SP-2 (Standard & Poor's), or F-2 (Fitch) by two NRSROs. Debt issued for the purpose of funding student loans is not permitted.
- 12) Money market mutual funds registered under the Federal Investment Company Act of 1940 and operated in accordance with 17 CFR 270.2a-7. Money market mutual funds must have an average weighted maturity of 60 days or less and the share value shall be fixed at \$1.00. Money market mutual funds may comprise no more than 50% of the portfolio and a maximum of 20% of the invested funds of any one City fund. Money market mutual funds must have a rating of AAAm or the equivalent by two NRSROs.
- 13) Short-term bond funds that are registered under the Federal Investment Company Act of 1940 may comprise up to 40% of the portfolio. Individual issuers are limited to a maximum of 15% of the portfolio with any one fund. Individual securities must have a rating of Aaf or the equivalent by one NRSRO.
- 14) Foreign obligations, bonds, notes, or instruments of the Government of Israel backed by the full faith and credit of the State of Israel and denominated in U.S. Dollars may comprise up to 3% of the total portfolio. Commercial paper issued by foreign domiciled corporations is not permitted. Individual issuers are limited to 1% of the total portfolio. Maturities are limited to 3 years from the date of settlement. Individual securities must have a rating of A or the equivalent by one NRSRO.

Fair Value of Investments: The City and the Pension Trust Funds (the “Funds”) follows the provisions of GASB Statement No. 72, *Fair Value Measurement and Application*, which establishes a framework for measuring the fair value of investments in a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GASB Statement No. 72 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the City and Funds have the ability to access at the measurement date.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. INVESTMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include the following:

- Quoted prices for similar assets in active markets.
- Quoted prices for identical or similar assets in inactive markets.
- Inputs other than quoted prices that are observable for the assets.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These unobservable inputs reflect the entity's own estimates for assumptions that market participants would use in pricing the asset or liability. Valuation techniques would typically include discounted cash flow models and similar techniques, but may also include the use of market prices of assets that are not directly comparable to the subject asset.

The fair value measurement of an asset within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to the City's and Funds' perceived risk of that investment.

Valuation Methodologies: The valuation methods and assumptions used by the City and the Pension Trust Funds in estimating the fair value of financial instruments measured at fair value on a recurring basis under GASB Statement No. 72, were as follows:

Equity securities, equity mutual funds, and equity investment funds and international equity investment funds: Valued at the closing price or net asset value reported on the active exchange on which the individual securities and mutual funds are actively traded.

U.S. Government and Agency obligations, corporate obligations, fixed income investment funds and Israel Government bond: Valued at the closing price or net asset value reported on the active exchange on which the individual securities or funds are actively traded. Securities that are not actively traded are valued by the investment manager using a matrix pricing technique based on the securities' relationship to quoted benchmark prices. Certain fixed income investment funds include private corporate obligations that are not traded and are valued by the investment manager using proprietary models.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. INVESTMENTS (CONTINUED)

Investments measured at net asset value (“NAV”): The Florida Fixed Income Trust, certain equity investment funds, certain fixed income investment funds and real estate investment funds are valued at the unadjusted NAV per share at September 30, 2024, calculated in a manner consistent with GAAP for external governmental investment pools and private investment companies based on the fair value of the underlying fund investments as determined by the fund manager, if available, or by valuations of a fund’s underlying assets as provided by the general partner or investment manager, since the assets are not publicly traded. Real estate values are based upon appraisals performed for assets held by the fund, or estimated by the fund manager, if appraisals are not performed or available. The fair value of real estate is the price that would be received if the asset was sold to a market participant assuming the highest and best use of each asset at the measurement date. The alternative investment funds are not publicly traded and invest in various types of equity or fixed income securities, as applicable. These alternative investment funds may hold certain investments which are not marketable and may be valued by a single market maker. While the fund managers use their best judgment in estimating the fair values of underlying investments, there are inherent limitations in any estimation technique. Accordingly, the fair values of the alternative investment funds may be estimated by the management of the pension funds and their investment advisors in the absence of readily ascertainable market values.

The methods and assumptions used by the City and the Funds may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the City and the Funds believe its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in the methods and assumptions used for the year ended September 30, 2024.

Fair Value of Investments: The financial assets measured at fair value on a recurring basis include the City’s and the Funds’ investments. There were no liabilities measured at fair value on a recurring basis at September 30, 2024. The money market mutual funds and Florida PRIME Fund are reported at amortized cost and are included in the following fair value table for reconciliation purposes only. The fair value of the City’s and the Pension Trust Funds’ investments at September 30, 2024 is summarized as follows:

The reported fair values for the alternative investment funds may differ significantly from the values that would have been used had a ready market for the underlying funds existed and the differences could be material. Future confirming events will affect the estimates of fair value, and the effect of such events on the estimates of fair value could be material. The alternative investment funds also expose the pension funds to additional investment risks, including liquidity risks; counterparty and custody risks; foreign political, economic and governmental risks; and market risk.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. INVESTMENTS (CONTINUED)

Alternative investments consist of fixed income investment funds and real estate investment trusts. The real estate investment funds are structured as limited partnerships with a primary focus to invest in income producing property in major U.S. markets. The fair values of the investments have been determined using net asset value per unit of the Trusts ownership interest in the partners' capital. Real estate investment fund distributions are received through the liquidation of the underlying real estate assets of the fund. It is expected by the fund managers that the underlying assets of this fund would be liquidated over the next five to eight years.

At September 30, 2024, certain alternative funds have unfunded commitments of approximately \$17,210,000. The redemption notice periods are 60 days to 90 days. Distribution or withdraw requests must be made 60 days to 90 days in advance and may be paid in one or more installments.

Credit Risk: Credit risk is the risk that a debt issuer will not fulfill its obligations. The investment policies of the City and the pension funds utilize portfolio diversification to control this risk as well as limiting investments to investment grade (BBB) securities as rated by nationally recognized statistical rating organizations at the time of purchase.

The S&P ratings for the City and Pension Funds' investments at September 30, 2024, are summarized as follows:

Investment Type	Rating	Fair Value
U.S. Government and Agency obligations	AA	\$ 80,117,085
Mortgage-backed securities	Not rated	4,658,164
Corporate obligations	AA+ to BBB	9,636,984
Multi Manager Bond Investment fund	AA	26,671,162

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. INVESTMENTS (CONTINUED)

Custodial Credit Risk: Custodial credit risk is defined as the risk that the City may not recover cash and investments held by another party in the event of financial failure. The City investment policy requires cash and investments to be fully insured or collateralized, or held in independent custodial safekeeping accounts in the City's name. At September 30, 2024, all investments were held in independent custodial safekeeping accounts, except for investments considered unclassified pursuant to GASB Statement No. 3, as amended, which include the Florida Fixed Income Trust investment pool, Florida PRIME Fund, money market mutual funds and alternative investment funds.

Concentration of Credit Risk: Concentration of credit risk is defined as the risk of loss attributed to the magnitude of an investment in a single issuer. For all investments of the City, including those in the City's three pension funds, securities of a single issuer are limited to no more than 5% of the total investment portfolio. Mutual funds and investment pools are excluded from the concentration of credit risk disclosures.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment in fixed income securities. Generally, the longer the time to maturity, the greater the exposure to interest rate risks. The City's investment policy limits the maturities of fixed income investments to five years from the date of purchase, unless the investment is matched with a specific cash flow. The investment policies of the three pension funds provide no specific limitations on the maturity of investments, but require the investment portfolios to be structured in a manner as to provide sufficient liquidity to pay obligations as they come due. To the extent possible, investment maturities are matched with the known cash needs and anticipated cash-flow requirements.

The Florida PRIME Fund and money market mutual funds held by the City and the Pension Funds have a weighted average maturity of less than 90 days. The City's investment in the Israel Government bond has scheduled maturities of February 1, 2025 and March 1, 2026.

Fixed income investment funds	17,840,437	1.9 - 5

The Florida Fixed Income Trust (“FIT”) investment pools include the Cash Pool and Enhanced Cash Pool. The Cash Pool is a high quality money market alternative that provides the fund manager flexibility in the portfolio's investments and duration compared to traditional money market mutual funds. The Cash Pool has a floating rate NAV, but is managed in a manner that strives to maintain a fixed NAV of \$1.00 per share. The Enhanced Cash Pool is managed to provide growth and a longer investment time horizon of 3 to 18 months. The Enhanced Cash Pool invests in short-term fixed income securities rated A or higher and is managed to provide a target effective duration of 0.5 years. The Enhanced Cash Pool has a floating rate NAV based on the underlying fair value of the portfolio. Investments in both funds may be withdrawn on a next day basis without limitation at any time during normal business hours. Investments in both funds are unsecured and collateralized only by the securities in the fund portfolio.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. INVESTMENTS (CONTINUED)

Foreign Currency Risk: Foreign currency risk includes the risk of revaluation of currencies, high rates of inflation, repatriation restrictions on income and capital, and future adverse political, social, and economic developments. Moreover, securities of foreign governments may be less liquid, subject to delayed settlements, taxation on realized and unrealized gains, and their price may be more volatile than those of comparable securities in U.S. Companies. At September 30, 2024 the Pension Trust Funds' investments included \$19,149,510 invested in a U.S. dollar denominated international equity investment fund.

Other Risks: The value, liquidity, and related income of certain fixed income securities that have contractual cash flows and weighted average maturities or an effective duration in excess of one year, such as mortgage-backed securities, collateralized mortgage obligations, and alternative investment funds or mutual funds investing in these types of securities or entities, are particularly sensitive to changes in financial markets and economic conditions, including real estate values, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. In addition, such securities are also subject to prepayment risk and liquidity risk which can adversely affect the fair value and/or income of the investment.

Due to the various risks associated with the City's and the Pension Trust Funds' investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

B. RECEIVABLES

Receivables (excluding lease receivable and restricted assets - accounts receivable) for the City's individual major funds and non-major funds in the aggregate, including the applicable allowances for uncollectible accounts, at September 30, 2024 are as follows:

Fund	Receivables, Billed Services	Receivables, Unbilled Services	Due From Other Governments	Other Receivables	Allowance Uncollectible Accounts	Total Receivables, Net
General Fund	\$ 10,472,230	\$ --	\$ 781,655	\$ 1,339,896	\$ (8,267,145)	\$ 4,326,636
CRA Special Revenue Fund	6,184	--	--	--	--	6,184
CRA Bond Project Fund	--	--	--	15,948	--	15,948
Non-Major Govern- mental Funds	273,622	63,207	774,597	998,781	(20,187)	2,090,020
Water and Sewer Fund	4,486,728	2,030,959	--	11,929	(469,184)	6,060,432
Sanitation Fund	1,240,217	551,894	--	4,022	(192,253)	1,603,880
Non-Major Enterprise Funds	--	3	--	1,472	--	1,475
Total	\$ 16,478,981	\$ 2,646,063	\$ 1,556,252	\$ 2,372,048	\$ (8,948,769)	\$ 14,104,575

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

B. RECEIVABLES (CONTINUED)

The amounts due from other governments at September 30, 2024 are summarized as follows:

Due from Palm Beach County	\$ 605,438
Due from State of Florida	787,240
Due from U.S. Government	107,202
Due from Local Units	<u>56,372</u>
Total Due From Other Governments	<u>\$ 1,556,252</u>

Homebuyer Assistance Program: The CRA established a Homebuyer Assistance Program to assist residents with the purchase of a home by providing a subsidy of up to \$50,000 per homeowner. The subsidy is secured by a mortgage note payable on the residence, which require repayment by the property owner only under certain circumstances, such as the sale of the property, and is forgiven if the homeowner remains in the home for the full term specified in the agreement. The amount of these mortgage notes receivable outstanding at September 30, 2024, totaled \$553,872. Given the nature of these loans, collection is uncertain, and therefore an allowance has been established at 100% of the value of the mortgages receivable outstanding and therefore, these mortgage notes receivable are not recognized on the financial statements.

Homeowner Assistance Program: The City has a Community Development Block Grant with the U.S. Department of Housing and Urban Development (“HUD”) to assist local property owners with rehabilitation and preservation of their personal residence. The assistance is secured by a mortgage note payable on the residence, which requires repayment by the property owner only under certain circumstances, such as the sale of the property, and is forgiven if the property owner remains in the property for the full term specified in the agreement, typically fifteen years. The amount of these mortgage notes receivable outstanding at September 30, 2024 totaled \$4,870,419. Given the nature of these loans and that there is no right to demand payment; the City does not expect to collect the receivables. Accordingly, the City charges the homeowner loans to expenditures when approved and does not recognize these notes receivable in the financial statements.

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

B. RECEIVABLES (CONTINUED)

Lease Receivable

Effective October 1, 2021, the City adopted the provisions of GASB No. 87, *Leases*, which required the City to recognize a lease receivable and a deferred inflow of resources. The City, as Lessor, leases land and all access and utility easements (the “Premises”) for communication towers (cell phone towers) and billboards. The lease terms under these agreements ranged from 36 months to 29 years. In addition, certain leases have extension and/or termination options, for which the City has made determinations as to if those options are reasonably certain to be exercised, and those determinations are reflected in the calculations presented, in accordance with GASB No. 87.

During the fiscal year ended September 30, 2024, the City recognized the following related to this lease agreement:

Lease revenue	\$ 473,657
Interest Income	143,675
Total	<u>\$ 617,332</u>

Future principal and interest payment requirements related to the City’s lease receivables at September 30, 2024 are as follows:

Fiscal Year Ending September 30,	Principal Receipt	Interest Revenue	Future Minimum Rent
2025	\$ 209,067	\$ 100,319	\$ 309,386
2026	226,050	97,384	323,434
2027	215,149	94,203	309,352

C. RESTRICTED ASSETS

In connection with City ordinances governing the issuance of water and sewer system revenue bonds, the City is required to invest and restrict pooled cash and investments and accounts receivable held for customer deposits, bond requirements and unspent bond proceeds held for capital improvements of the water and sewer system.

The restricted assets and liabilities payable from restricted assets in the Water and Sewer Fund at September 30, 2024, are summarized as follows:

	Restricted For			
	Customer Deposits	Revenue Bond Covenants	Capital Improvements	Total
Restricted Assets				
Pooled cash and investments	\$ 1,536,039	\$ 6,919,207	\$ 37,100,750	\$ 45,555,996

D. INVESTMENT IN REGIONAL WASTEWATER TREATMENT PLANT

In 1974, the City joined with the City of Delray Beach to form the South Central Regional Wastewater Treatment and Disposal Board (the “Board”), an independent special district. The Board, which is governed by a body composed of the Commission members from each City, oversees the operation of the Regional Wastewater Treatment Plant which services both cities and surrounding areas. The interlocal agreement between the City and the City of Delray Beach specifies that the Board has the authority to accept and disburse funds, transact business and enter into contracts for budgeted items. In addition, the Board has the authority, subject to approval by a majority vote of each City Commission before becoming effective, to adopt an annual budget, establish rates and charges for operations, maintenance, expansion and construction, enter into contracts for non-budgeted items and authorize the return of any surplus funds or levy additional charges for deficits of the Board to the respective cities. No debt has been authorized or issued by the Board.

Ownership of the Regional Wastewater Treatment Plant is vested proportionately with the cities in accordance with the capital investments of each city, which to date are approximately 50% each. The Board charges each city for its share of the Board’s operating expenses based on the percentage flow of wastewater from each city. For the year ended September 30, 2024, the City accounted for approximately 50% of the total wastewater flow treated by the Board, and approximately 50% of the Board’s operating expenses were billed to the City.

The City accounts for its investment in the Board as a joint venture recorded on the equity method of accounting. At September 30, 2024, the City’s 50% equity interest in the net position of the Board totaled \$15,928,759 plus land purchased by the City in the amount of \$554,612 for a total investment of \$16,483,371. This investment has been included in the City’s Water and Sewer Enterprise Fund statement of net position as Investment in Joint Venture.

D. INVESTMENT IN REGIONAL WASTEWATER TREATMENT PLANT (CONTINUED)

At September 30, 2024, the City had a receivable from and a payable to the Board of \$261,005 and \$437,748, respectively. For the year ended September 30, 2024, the City paid approximately \$4.6 million to the Board for operating expenses, repairs and replacement and capital charges. Each individual city is responsible for setting the rates and collecting charges for wastewater disposal from customers within its jurisdiction. Financial information (rounded) relating to the Board as of and for the years ended September 30, 2024 and 2023 is as follows:

	Net Position

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

F. INTERFUND RECEIVABLES AND PAYABLES (CONTINUED)

The outstanding balances among funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. These balances also include the amount of working capital loans made to various funds that the General Fund expects to collect in the subsequent year.

G. INTERFUND TRANSFERS

H. NONCURRENT LIABILITIES

Governmental Activities

Changes in governmental activities noncurrent liabilities for the year ended September 30, 2024, were as follows:

	Beginning Balances	Additions	Reductions	Ending Balance	Due Within One Year
Public Service Tax Revenue Refunding Bonds, Series 2015	\$ 9,265,000	\$ --	\$ (2,215,000)	\$ 7,050,000	\$ 2,260,000
CRA Tax Increment Refunding Revenue Bonds, Series 2012	4,529,000	--	(1,512,000)	3,017,000	1,487,000
CRA Tax Increment Refunding Revenue Bonds, Series 2015	1,875,000	--	(445,000)	1,430,000	705,000
Total Bonds and Note Payable	15,669,000	--	(4,172,000)	11,497,000	4,452,000
Financing leases for Town Square facilities	73,081,405	--	(1,849,495)	71,231,910	1,903,500
Lease liability - Red Light Camera	5,057,294	--	(636,622)	4,420,672	631,774
Lease liability - equipment	209,184	39,031	(213,071)	35,144	8,160
Subscription liability	2,148,454	--	(623,190)	1,525,264	623,189
Compensated absences	9,125,518	6,040,404	(5,833,410)	9,332,512	1,424,500
Provision for insurance losses	6,881,064	1,469,731	(1,106,017)	7,244,778	2,459,043
Total Noncurrent Liabilities	\$ 112,171,919	\$ 7,549,166	\$ (14,433,805)	\$ 105,287,280	\$ 11,502,166

Compensated absences are typically liquidated by the General Fund. Insurance claims liabilities have typically been liquidated by the Self Insurance Internal Service Fund, which mainly serves the governmental funds. Therefore, the long-term liabilities of this fund are included in the governmental activities noncurrent liabilities.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

H. NONCURRENT LIABILITIES (CONTINUED)

Governmental Activities (continued)

Public Service Tax Revenue Refunding Bonds, Series 2015: On May 15, 2015, the City issued \$24,210,000 Public Service Tax Revenue Refunding Bonds, Series 2015 (the “Series 2015 Bonds”), to advance refund \$5,425,000 of the Public Service Tax Revenue Bonds, Series 2004, and \$18,190,000 of the Public Service Tax Revenue Refunding Bonds, Series 2006, and to pay the costs associated with the issuance of the Series 2015 Bonds. The proceeds of the Series 2015 Bonds were placed in an irrevocable trust to purchase U.S. Government securities which were used, along with all interest earnings, for the sole purpose of paying future debt service on the refunded bonds. The refunding resulted in an economic gain (the difference between the present value of the debt service payments of the refunded and refunding bonds) of approximately \$2,450,000 and reduced the total debt service payments by approximately \$2,723,000. The Series 2015 Bonds bear interest at a fixed rate of 1.95% and are payable semi-annually on November 1 and May 1. Principal payments are due each November 1 through maturity on November 1, 2026. The Series 2015 Bonds are payable from and secured by a pledge of the City’s public service tax revenues. The debt service requirements of the Series 2015 Bonds are as follows at September 30, 2024:

Fiscal Year Ending September 30,	Principal	Interest	Total
2025	\$ 2,305,000	\$ 115,000	\$ 2,420,000
2026	2,350,000	69,615	2,419,615
2027	2,395,000	23,351	2,418,351
Total	\$ 7,050,000	\$ 207,966	\$ 7,257,966

CRA Tax Increment Refunding Revenue Bonds, Series 2012: Resolution 12-07 of the CRA Board of Commissioners dated October 9, 2012, authorized the issuance of CRA Tax Increment Refunding Revenue Bonds, Series 2012 (the “CRA Series 2012 Bonds”), in the principal amount of \$16,185,000 to advance refund \$12,665,000 of the CRA Tax Increment Revenue Bonds, Series 2004 and \$3,000,000 of the CRA Tax Increment Revenue Bonds, Series 2005A. The proceeds of the CRA Series 2012 Bonds were placed in an irrevocable trust to purchase U.S. Government securities which were used, along with all interest earnings, for the sole purpose of paying future debt service on the refunded bonds. The refunding resulted in an economic gain of approximately \$1,182,000 and reduced the total debt service payments by approximately \$2,095,000. The bonds require annual principal

installments of \$1,487,000 to \$1,530,000 plus interest at 2.56% through maturity on October 1, 2026. Principal and interest on the CRA Series 2012 Bonds are payable from and secured by a pledge of the CRA's tax increment revenues. The debt service requirements of the CRA Series 2012 Bonds are as follows at September 30, 2024:

Fiscal Year Ending September 30,	Principal	Interest	Total
2025	\$ 1,487,000	\$ 77,236	\$ 1,564,236
2026	<u>1,530,000</u>	<u>39,167</u>	<u>1,569,167</u>
Total	<u>\$ 3,017,000</u>	<u>\$ 116,403</u>	<u>\$ 3,133,403</u>

CRA Tax Increment Refunding Revenue Bonds, Series 2015: On March 26, 2015, the CRA authorized the issuance of \$5,005,000 Tax Increment Refunding Revenue Bonds, Series 2015 (the “CRA Series 2015 Bonds”), to advance refund the CRA's Tax Increment Revenue Bonds, Series 2005B. The CRA Series 2015 Bonds were structured as a private placement to be issued as additional bonds under Resolution No. 15-01 adopted on March 10, 2015. The payment of principal and interest on the CRA Series 2015 Bonds are secured by a pledge of the CRA's tax increment revenues. Principal and interest at a fixed interest rate of 3.30% on the CRA Series 2015 Bonds is payable through maturity on October 1, 2026. The refunding resulted in an economic gain of approximately \$1,450,000 and reduced the total debt service payments by approximately \$1,790,000. The debt service requirements of the CRA Series 2015 Bonds are as follows at September 30, 2024:

Fiscal Year Ending September 30,	Principal	Interest	Total
2025	\$ 705,000	\$ 47,190	\$ 752,190

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

H. NONCURRENT LIABILITIES (CONTINUED)

Governmental Activities (continued)

Town Square Financing Lease Obligation: The City Commission approved the *Town Square Project* (the “Project”) to redevelop the existing City Hall complex and surrounding properties with a Public-Private Partnership between the City and private development companies pursuant to Florida Statutes Section 287.05712. The Project includes the construction of a new City Hall, Police Station, Fire Station and Library and renovation of the historic Boynton Beach High School building as the City’s new cultural center.

The City entered into lease agreements with CFP Boynton Beach Town Square, LLC (“CFP”), a Minnesota non-profit corporation and a qualified tax exempt 501(c)(3) charitable organization to build and finance the Project and lease the facilities to the City upon completion of construction. The City owns the land where the former City Hall complex and Police and Fire Station facilities were located and entered into "Ground Lease" agreements with CFP to construct the Town Square Project on the City’s site. The City and CFP also entered into "Facilities Lease" agreements for the completed Town Square facilities. The 25 year term of the Ground Leases match the term of the Facilities Leases which end on June 1, 2044. The Facilities Leases were determined to be capital lease agreements under GAAP. Upon termination of the Ground Leases and Facilities Leases, CFP’s rights and title to the buildings, improvements and property will terminate and all rights and title to the Town Square properties and facilities will vest with the City. The City’s lease payments to CFP under the Facilities Leases are due semi-annually on December 1 and June 1, and range from approximately \$3.0 million to \$5.2 million over the term of the Facilities Leases ending on June 1, 2044. At September 30, 2024, the cost of buildings and improvements held under these agreements was approximately \$79,850,000 and the accumulated amortization was approximately \$7,985,000 at September 30, 2024. Amortization expense related to the leased facilities is included in depreciation expense in the accompanying financial statements. The Facilities Lease payments and all Project buildings and improvements constructed by CFP are pledged as collateral for bonds issued by CFP to construct the Project.

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

H. NONCURRENT LIABILITIES (CONTINUED)

Governmental Activities (continued)

The future annual financing lease payments on the Town Square facilities owed by the City are as follows at September 30, 2024:

Fiscal Year Ending September 30	Amount
2025	\$ 4,482,619
2026	4,482,186
2027	4,478,237
2028	5,180,851
2029	5,186,118
2030-2034	25,904,525
2035-2039	25,908,812
2040-2044	25,891,416
Total minimum lease payments	<u>101,514,764</u>
Less amounts representing interest	<u>(30,282,854)</u>
Financing Lease Obligation at September 30, 2024	<u>\$ 71,231,910</u>

Leases (Right-To-Use Assets): The City adopted GASB Statement No. 87, Leases and recorded various capital leases for equipment. The leases were for equipment assets that included red light cameras, a postage machine and smart tasers.

Red Light Cameras – Prior to October 1, 2021, the City entered into a 115 month lease agreement as Lessee for the use of Red Light Cameras. An initial lease liability was recorded in the amount of \$6,303,514. As of September 30, 2024, the lease liability is \$4,420,672. The City is required to make monthly fixed payments of \$57,750. The lease has an interest rate of 1.28%. The value of the right to use asset as of September 30, 2024 is \$6,303,514 with accumulated amortization of \$1,965,418.

Smart Tasers – Prior to October 1, 2021, the City entered into a 56 month lease as Lessee for the use of Smart Tasers. An initial lease liability was recorded in the amount of \$408,396. The City was required to make annual fixed payments of \$103,500. The lease had an interest rate of 0.63%. The lease was paid in full during fiscal year ended September 30, 2024.

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

H. NONCURRENT LIABILITIES (CONTINUED)

Governmental Activities (continued)

Subscription-Based Information Technology Arrangements:

The City has entered into various subscription-based information technology agreements for software programs. The agreements require annual payments varying from \$5,495 to \$331,217 over two to five years with an interest rate of 2.36% to 2.70% and final payments due September 30, 2027. During the year ended September 30, 2024, principal and interest paid were \$105,767 and \$17,820 respectively. Future principal and interest payments as of September 30, 2024, are as follows:

Fiscal Year Ending September 30,	Principal	Interest	Total
2025	\$ 480,644	\$ 39,118	\$ 519,762
2026	309,513	28,223	337,736
2027	317,875	19,861	337,736
2028	318,726	11,274	330,000
2029	98,506	1,493	99,999
Total	\$ 1,525,264	\$ 99,969	\$ 1,625,233

Pledged Governmental Revenues - The City has pledged the future public service tax revenues of the City to repay the outstanding Public Service Tax Revenue Refunding Bonds, Series 2015. The public service tax bonds are payable solely from the public service tax revenues received by the City and are payable through fiscal year 2027. Annual principal and interest payments on the bonds are expected to require less than 25% of public service tax revenues. Total principal and interest remaining to be paid on the public service tax revenue bonds is \$7,257,966 at September 30, 2024. Principal and interest paid and public service tax revenues received for the current year were \$2,419,510 and \$12,609,508, respectively.

The CRA has pledged its future tax increment revenues to repay the outstanding CRA Tax Increment Refunding Revenue Bonds, Series 2012 and 2015. The City has also pledged its full faith and credit to guarantee repayment by the CRA of its outstanding bonds. The tax increment bonds are payable solely from the tax increment revenues received by the CRA and are payable through fiscal year 2027. Annual principal and interest payments on the bonds are expected to require less than 20% of the tax increment revenues. Total principal and interest remaining to be paid on the CRA tax increment revenue bonds at September 30, 2024 is \$4,634,518. Principal and interest paid for the current year were \$2,134,817. Tax increment revenues received by the CRA for the current year were \$21,555,333.

H. NONCURRENT LIABILITIES (CONTINUED)

Governmental Activities (continued)

Events of Default - Events of default for governmental activities debt generally include the nonpayment of principal and interest when due, the dissolution, liquidation or bankruptcy of the issuer, or any other violations of the bond covenants that are not cured within the greater of a reasonable time or 30 days following written notice of violation by at least 25% of the bondholders. In the event of a default, the interest rate increases to the maximum rate allowed by law (18%) and upon written notice of a majority of the bondholders, all outstanding bonds may be declared immediately due and payable. The issuer is also responsible for the debtors' costs of collection.

Business-type Activities

Changes in business-type activities noncurrent liabilities are as follows for the year ended September 30, 2024:

	Beginning Balances	Additions	Reductions	Ending Balance	Due Within One Year
Water and Sewer Utility					
Series 2016 Bonds	\$ 19,310,000	\$ --	\$ (1,890,000)	\$ 17,420,000	\$ 1,925,000

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

H. NONCURRENT LIABILITIES (CONTINUED)

Business-type Activities (continued)

Bond Resolution 96-88 of the City requires that net operating revenue (as defined in the resolution) of the Water and Sewer Fund be sufficient to provide an amount equal to 110% of the current fiscal year's principal and interest requirements on all outstanding utility system bonds and 100% of all amounts required to meet the current year's reserve account deposit requirements and renewal and replacement fund requirements. The City was in compliance with these requirements for the year ended September 30, 2024.

Financing Lease: The City entered into a 60 month lease agreement for the purchase of golf equipment. The lease requires fixed monthly payment of \$7,125 through October 2026. The lease has an interest rate of 2.9%. At September 30, 2024, the cost of equipment held under these agreements was approximately \$397,000 and the accumulated amortization was approximately \$232,000 at September 30, 2024. Future payments through maturity are as follows as of September 30, 2024.

Fiscal Year Ending September 30	Amount
2025	\$ 85,504
2026	85,504
2027	<u>6,678</u>
Total minimum lease payments	177,686
Less amounts representing interest	<u>(5,450)</u>
Financing Lease Obligation at September 30, 2024	<u>\$ 172,236</u>

Subscription-Based Information Technology Arrangements:

The City has entered into various subscription-based information technology agreements for software programs. The agreements require annual payments varying from \$28,350 to \$77,417 over three to five years with an interest rate of 2.36% to 3.30% and final payments due September 30, 2027. During the year ended September 30, 2024, principal and interest paid were \$96,636 and \$11,453 respectively. Future principal and interest payments as of September 30, 2024, are as follows:

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

H. NONCURRENT LIABILITIES (CONTINUED)

Business-type Activities (continued)

Fiscal Year Ending September 30,	Principal	Interest	Total
2025	\$ 101,968	\$ 8,514	\$ 110,482
2026	79,191	5,405	84,596
2027	84,346	2,788	87,134
Total	\$ 265,505	\$ 16,707	\$ 282,212

Pledged Business-type Revenues - The City has pledged the future net revenues (generally customer revenues, net of specified operating expenses) of the Water and Sewer Utility System to repay the outstanding Series 2016 and Series 2020A and 2020B water and sewer utility revenue bonds and notes issued to finance improvements to the system. The water and sewer utility revenue bonds and notes are payable solely from the utility net revenues and are payable through fiscal year 2035. Annual principal and interest payments on the bonds are expected to require less than 30 percent of utility net revenues. Total principal and interest remaining to be paid on the water and sewer utility revenue bonds and notes is \$73,707,074.

Principal and interest paid for the current year was \$7,628,154. The Water and Sewer Utility System net revenues available for debt service for the current year were approximately \$16.6 million.

Events of Default - Events of default for business-type activities debt generally include nonpayment of principal and interest when due, the dissolution, liquidation or bankruptcy of the issuer, or any other violations of the bond covenants that are not cured within the greater of a reasonable time or 30 days following written notice of violation by at least 25% of the bondholders. In the event of a default, the interest rate increases to the default interest rate and upon written notice of a majority of the bondholders, all outstanding bonds may be declared immediately due and payable. The issuer is also responsible for the debtors' costs of collection.

Legal Debt Limit - The City's legal debt limit on general obligation debt is based on 10% of the total assessed value of real property and was approximately \$1.54 billion at September 30, 2024. There is no legal debt limit for business-type activities debt.

Interest Expense

Total interest costs incurred and paid on all City debt, including the CRA, for the year ended September 30, 2024, totaled \$4,514,326 and \$4,885,916, respectively.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

H. NONCURRENT LIABILITIES (CONTINUED)

Defeased Bonds

The City defeased certain revenue bonds by placing the proceeds of the new bonds in irrevocable trust accounts to provide for all future debt service payments on the defeased bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements. At September 30, 2024, the outstanding principal of the defeased bonds considered extinguished under these funding arrangements is as follows:

Public Service Tax Revenue Bonds, Series 2006	\$ 4,930,000
Water and Sewer Utility Revenue Bonds, Series 2012	<u>30,345,000</u>
Total Defeased Bonds	<u>\$ 35,275,000</u>

NOTE 4 – OTHER INFORMATION

A. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters; and general and automotive liability. The City has a Self Insurance Fund (an Internal Service Fund) to provide coverage for general liability, automotive liability, workers' compensation and property claims.

The liability for claims retained by the City is accrued in the Self Insurance Fund which will be the source of payment for these claims. Insurance claim expense is recognized when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated, and includes incurred-but-not-reported claims. The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are re-evaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 4 – OTHER INFORMATION (CONTINUED)

A. RISK MANAGEMENT (CONTINUED)

The City also purchased commercial insurance policies to provide excess coverage as follows:

	Individual Claims in Excess of Per Person	Individual Claims in Excess of Per Occurrence	Maximum Coverage
General liability	\$ 200,000	\$ 300,000	\$5 million
Automobile liability	100,000	200,000	\$2 million
Property	25,000	100,000	\$5 million
Workers' compensation	500,000	500,000	\$5 million

The City's liability for estimated insurance losses represents the estimated ultimate cost of settling self-insured liability claims. The liability for estimated insurance losses was estimated by an outside actuary using accepted actuarial methods. These methods consider case-basis reserves established by the City, the rate of loss development on older claims, the effects of incurred-but-not-reported claims and the effects of inflation and other economic factors to determine ultimate cost.

The City has recorded a liability for estimated insurance losses of \$7,244,778, of which \$2,459,043 is considered to be a current liability. The liability falls within the actuarially determined range, from an actuarial valuation for all claims based upon the date the loss was incurred. Due to the long-term nature of many of these claims, the City considers anticipated investment income in determining the net liability for estimated insurance losses by discounting claims to the estimated present value. At September 30, 2024, the recorded liability for estimated insurance losses of \$7,244,778 is based on gross claims of \$7,806,159 discounted at an assumed rate of return on investments of 3%. The following summarizes the liability for estimated insurance loss activity for the three most recent years:

Years	Claims Liability Beginning of Fiscal Year	Claims Expense	Claims Paid	Claims Liability End of Fiscal Year
2021-2022	\$ 6,375,743	\$ 2,282,938	\$ (1,932,706)	\$ 6,725,975
2022-2023	6,725,975	1,013,680	(858,591)	6,881,064
2023-2024	6,881,064	1,469,731	(1,106,017)	7,244,778

For each of the most recent three years, there have been no settlements that have exceeded the City's insurance coverage.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 4 – OTHER INFORMATION (CONTINUED)

B. COMMITMENTS AND CONTINGENCIES

Contract Commitments: The City has various long-term contractual obligations for construction projects on which work has not been completed. The balances of these contracts and related commitments as of September 30, 2024, are as follows:

	Capital Projects Funds	Local Government Surtax Improvement Fund	Water and Sewer Fund	Sanitation Fund	Other Enterprise Funds	Internal Service Funds	Total
Total contract amount	\$ 1,995,723	\$ 8,486,992	\$ 48,864,625	\$ 1,913,121	\$ 15,666,572	\$ 170,750	\$ 77,097,783
Interim payments on contracts	<u>1,477,712</u>	<u>8,205,374</u>	<u>28,013,578</u>	<u>1,913,121</u>	<u>6,393,742</u>	<u>119,978</u>	<u>46,123,505</u>
Remaining Contract Commitments	<u>\$ 518,011</u>	<u>\$ 281,618</u>	<u>\$ 20,851,047</u>	<u>\$ --</u>	<u>\$ 9,272,830</u>	<u>\$ 50,772</u>	<u>\$ 30,974,278</u>

The contractual commitments of the Water and Sewer Fund will be paid primarily from unspent bond proceeds. The contractual commitments of the General Fund, Capital Projects Funds, Other Governmental Funds and Other Enterprise Funds will be paid from various sources, including future revenues, operating transfers, and available fund equity.

Interlocal Agreements: The City approved an Interlocal Agreement with the Town of Ocean Ridge (“Ocean Ridge”) to provide Fire Suppression, Emergency Medical and Fire Life Safety services to Ocean Ridge for a 12-year term commencing October 1, 2016 through September 30, 2028. The Agreement provides for Ocean Ridge to pay the City \$1,058,853 for the first year of the Agreement with annual increases of 4% thereafter.

The City approved an Interlocal Agreement with the Town of Hypoluxo (“Hypoluxo”) to provide Fire Suppression, Emergency Medical and Fire Life Safety services to Hypoluxo for a 7-year term commencing October 1, 2018 through September 30, 2025. The Agreement provides for Hypoluxo to pay the City \$436,142 for the first year of the Agreement with annual increases of 4% thereafter.

The City approved an Interlocal Agreement with the Town of Briny Breezes (“Briny Breezes”) to provide Fire Suppression, Emergency Medical and Fire Life Safety services to Briny Breezes for a 12-year term commencing October 1, 2016 through September 30, 2028. This Agreement provides for Briny Breezes to pay the City \$356,725 for the first year of the Agreement with annual increases of 4% thereafter.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 4 – OTHER INFORMATION (CONTINUED)

B. COMMITMENTS AND CONTINGENCIES (CONTINUED)

The City approved an Interlocal Agreement with the Village of Golf (the “Village”) to provide Fire Suppression, Emergency Medical and Fire Life Safety services to the Village for a 10-year term commencing October 1, 2015 through September 30, 2025. The Agreement provides for the Village to pay the City \$200,000 for the first year of the Agreement with annual increases of 4% thereafter.

Grants: Amounts received or receivable from grantor agencies are subject to audit and adjustment by those agencies, principally the Federal and State government. Any disallowed claims, including amounts already received, may constitute a liability of the City for the return of those funds. In the opinion of management, all grant expenditures were in substantial compliance with the terms of the grant agreements and applicable Federal and State statutes and regulations and the amount of reimbursement to grantor agencies, if any, would not materially affect the financial position of the City.

Litigation: The City is a defendant in various lawsuits incurred in the normal course of operations, the ultimate outcomes of which are not presently determinable. Management and the City's legal counsel believe that amounts not covered by insurance, if any, resulting from these lawsuits would not materially affect the financial position of the City.

Environmental Liabilities: The City owns property that was used as a landfill prior to 1985. Final closure occurred during 1992. Post-closure care is mandated by State and Federal statutes and regulations and consists of certain maintenance and monitoring functions at the landfill site for 20 years after its closure. Although the City's mandatory post-closure care period ended in 2012, the City's closed landfill site remains subject to ongoing monitoring by various regulatory agencies for potential environmental contaminants. The monitoring programs have not identified any contaminants from the City's closed landfill, however, in the event any landfill contaminants are identified, the City may be financially responsible for the environmental assessment and any cleanup costs, as well as potential fines imposed by governmental regulatory agencies.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 4 – OTHER INFORMATION (CONTINUED)

C. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description

The City administers a single-employer defined benefit plan (the “OPEB Plan”) that provides medical and life insurance benefits to eligible retired employees and their beneficiaries. The Plan allows its employees and their beneficiaries, at their own cost, to continue to obtain health, dental and other insurance benefits upon retirement. The City Commission has the authority to establish and amend premiums for and the benefit provisions of the OPEB Plan. The OPEB Plan is financed on a “pay-as-you-go” basis and is not administered as a formal qualifying trust. The OPEB Plan does not issue a publicly available financial report.

Florida Statute 112.0801 requires the City to allow retirees to buy healthcare coverage at the same *group insurance rates* that current employees are charged resulting in an *implicit* healthcare benefit. The State of Florida prohibits the OPEB Plan from separately rating retirees and active employees. Therefore, both groups (active employees and retirees) are charged an equal, blended rate premium. Although both groups are charged the same blended rate premium, GAAP requires the actuarial figures to be calculated using age adjusted premiums approximating claim costs for retirees separate from active employees. The use of age adjusted premiums results in the addition of an implicit rate subsidy into the actuarial accrued liability. OPEB Plan members receiving benefits contribute 100% of the monthly premiums ranging from a minimum of approximately \$650 to a maximum of approximately \$1,800 for medical/prescription coverage.

Plan Membership

Membership of the City’s OPEB Plan as of October 1, 2023, the date of the most recent actuarial valuation, is summarized as follows:

Inactive employees or beneficiaries currently receiving benefit payment	286
Inactive employees entitled to but not yet receiving benefit payments	--
Active employees	<u>797</u>
Total Members	<u><u>1,083</u></u>

Total OPEB Liability

The City's total OPEB liability of \$10,968,964 was determined by an actuarial roll-forward to September 30, 2024 of the OPEB actuarial valuation as of October 1, 2023. The actuarial methods and significant assumptions used to determine the City's total OPEB liability for the current year are summarized as follows:

Valuation date	October 1, 2023
Measurement date	September 30, 2024
Actuarial cost method	Entry Age Normal
Post-retirement benefit increases	None
Health care cost trend rates	6.25% for 2024 and gradually decreasing to an ultimate rate of 4.00%
Amortization method	Level Percent of Payroll – Closed
Remaining amortization period	25 years
Asset valuation method	N/A ⁽¹⁾
Actuarial assumptions:	
Municipal Bond Rate	3.81% (2)
Projected salary increases (includes Inflation at 2.5%)	3.25% - 15.0%
Mortality	RP-2010 with generational improvements using Scale MP-2018

- (1) The plan is funded on a pay-as-you-go basis and is not administered as a formal qualifying trust. There were no plan assets as of September 30, 2024.
- (2) Since there are currently no invested plan assets held in trust to finance the OPEB obligation, the discount rate is the long-term expected rate of return on tax-exempt, high quality municipal bonds based on the *Fidelity 20-Year Municipal GO AA Index*. The discount rate increased from 4.63% to 3.81% for the current year.

NOTE 4 – OTHER INFORMATION (CONTINUED)

C. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

Total OPEB Liability (continued)

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Projections of benefits are based on the types of benefits provided under the substantive plan at the time of each valuation and on the pattern of sharing of benefit costs between the employer and plan members to that point. In addition, projections of benefits for financial reporting purposes do not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. Actuarial calculations reflect a long-term perspective and accordingly, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities.

Changes in the Total OPEB Liability

The change in the City's total OPEB liability for the current year is as follows:

Total OPEB Liability at September 30, 2023	\$ 9,888,182
Changes in the total OPEB liability for the year:	
Service costs	570,927
Interest	472,869
Changes of benefit terms	22,589
Difference between expected and actual experience	(532,178)
Changes in assumptions	1,038,499
Benefit payments	(491,924)
Change in Total OPEB Liability	\$ 1,080,782

D. DEFINED BENEFIT PENSION PLANS

Description of Plans

The City contributes to three (General Employees, Police Officers, and Firefighters') single-employer defined benefit pension plans covering all full-time City employees.

General Employees' Pension Fund: The General Employees' Pension Plan covers all permanent full-time employees except those covered by the Police Officers' and Firefighters' Pension Plans. The benefit provisions and all requirements are established by City Ordinance. Employees are fully vested after five years of service with the City. There is no mandatory retirement age. Retirees begin receiving monthly benefit checks the month their retirement begins and continues until death. Benefits to which retirees are entitled are equal to 3% of their final average monthly compensation times years of credited service, provided the employee has completed at least 30 full years of credited service at any age; 25 or more years of credited service at age 55; or 5 or more years of credited service at age 62. Employee contributions are 7% of annual earnings. The City's contribution is determined actuarially on an annual basis. For the year ended September 30, 2024, the City's contribution was \$5,471,502. The General Employees' Pension Plan is governed by a seven member board comprised of the Mayor, the City Manager, two City residents appointed by the City Commission and three members elected by the plan membership, one of whom must be a member of a bargaining unit of the City and one of whom must not be a member of a bargaining unit of the City.

Police Officers' Pension Fund: The Police Officers' Pension Plan covers all sworn police department employees. Employees are vested after 10 years of service with the City and are eligible for retirement after 20 years of service regardless of age. Employees with 10 years of credited service may retire at or after age 55 or employees with 15 years of credited service may retire at or after age 50. Employees who are age 50 and have 10 years of credited service receive a reduced retirement benefit. Monthly benefit checks begin the month an employee retires, and the amount of benefit to which the retired employee is entitled is equal to the number of years of credited service multiplied by 3% of average final compensation. Employee contributions are 7% of annual compensation. The City's contribution is determined actuarially on an annual basis and is reduced by \$465,087 of the amount the City receives from the State of Florida pursuant to Chapter 185 of the Florida Statutes, which provides for a premium tax on certain casualty insurance contracts written on properties within the City. The tax is collected by the State of Florida and remitted to the City for the Police Officers' Pension Fund. For the year ended September 30, 2024, the City's contribution was \$7,863,802 and the contribution from the State was \$1,187,462. The Police Officers' Pension Plan is governed by a five-member board consisting of two police officers, two City residents and a fifth member elected by the other four members.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 4 – OTHER INFORMATION (CONTINUED)

D. DEFINED BENEFIT PENSION PLANS (CONTINUED)

Description of Plans (continued)

Firefighters' Pension Fund: The Firefighters' Pension Plan covers all firefighters and fire department officers. Employees become vested after 10 years of service with the City and are eligible for retirement after 20 years regardless of age. Employees with 10 years of credited service may retire at or after age 55. Employees who are age 50 and have 10 years of credited service can receive a reduced retirement benefit. Monthly benefit checks begin the month an employee retires, and the amount of the benefit to which the retired employee will be entitled will be equal to the number of years of credited service multiplied by 3% of average final compensation. Employee contributions are 12% of annual compensation. The City's contribution is determined actuarially on an annual basis and is reduced by the amount the City receives from the State of Florida pursuant to Chapter 175 of the Florida Statutes, which provides for a premium tax on certain property insurance contracts written on properties within the City. The tax is collected by the State of Florida and remitted to the City for the Firefighters' Pension Fund. For the year ended September 30, 2024, the City's contribution was \$6,221,287 and the contribution from the State was \$1,579,818. The Firefighters' Pension Plan is governed by a five-member board consisting of two firefighters, two City residents and a fifth member elected by the other four members.

The benefit provisions and all other requirements of the General Employees', Police Officers' and Firefighters' Pension Funds are established by City Ordinance. The funding methods and determination of benefits payable are provided in the various acts of the Florida Legislature, which created these plans, including subsequent amendments thereto. The Florida Statutes provide, in general, that funds are to be accumulated from employee contributions, City contributions, State appropriations and income from investment of accumulated funds. Florida Statutes also provide that, should the accumulated funds at any time be insufficient to meet and pay the benefits due, the City shall supplement the fund by an appropriation from current funds, or from any revenues which may lawfully be used for said purposes and in an amount sufficient to make up the deficiency. The investments of the funds are administered, managed and operated by the respective Board of Trustees of each plan.

D. DEFINED BENEFIT PENSION PLANS (CONTINUED)

Description of Plans (continued)

The net pension liability, deferred outflows/inflows of resources related to pensions and pension expense related to the City's three defined benefit retirement plans are summarized as follows at September 30, 2024:

	General Employees'	Police Officers'	Firefighters'	Total
Net pension liability	\$ 19,668,818	\$ 49,207,665	\$ 45,497,647	\$ 114,374,130
Deferred outflows of resources	\$ 8,263,084	\$ 2,801,222	\$ 3,620,795	\$ 14,685,101
Deferred inflows of resources	\$ 5,479,606	\$ 12,267,952	\$ 5,426,299	\$ 23,173,857
Pension expense	\$ 8,940,940	\$ 11,144,528	\$ 11,914,171	\$ 31,999,639

Plan Membership

Membership data of the City's pension plans as of the most recent actuarial valuation date of October 1, 2023, is summarized as follows:

	General Employees'	Police Officers'	Firefighters'
Retirees, beneficiaries and DROP participants receiving benefits	462	183	141
Terminated employees entitled to benefits but not yet receiving them	73	18	2
Active members	440	115	130

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 4 – OTHER INFORMATION (CONTINUED)

D. DEFINED BENEFIT PENSION PLANS (CONTINUED)

Significant Accounting Policies

The financial statements of the three pension plans are prepared using the economic resources measurement focus and the accrual basis of accounting. Employee and employer contributions are recognized in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Other expenses are recognized when the corresponding liabilities are incurred. Investment income is recognized as revenue when earned. Investments are reported at fair value. Money market mutual funds are reported at amortized cost, which approximates fair value. Securities and mutual funds traded on a national exchange are valued at the last sales price. Net asset values of investment funds that are not publicly traded are determined by the fund managers based on the fair values of the underlying investments of the fund. Net appreciation or depreciation in the fair value of investments includes the difference between the fair value and cost of the investments held as well as the net realized and unrealized gains and losses for investments sold during the period. Interest and dividend income are recognized on the accrual basis when earned. Purchases and sales of investments are recorded on a trade date basis. Investment earnings are reduced for investment related expenses, such as management fees, portfolio evaluation and custodial services.

DROP Accounts

Any participant of the General Employees', Police Officers', and Firefighters' Pension Plans who is eligible to receive an early or normal retirement benefit may elect to participate in a deferred retirement option plan (DROP) while continuing his or her active employment. Upon participation in DROP, the participant becomes a retiree for plan purposes and ceases to accrue further benefits under the pension plan. Normal retirement payments payable to the participant are invested in DROP and distributed to the participant upon termination of employment. The amounts held for DROP benefits at September 30, 2024 were \$24,643,132 for the General Employees' Pension Plan; \$26,164,797 for the Police Officers' Pension Plan; and \$31,186,400 for the Firefighters' Pension Plan.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 4 – OTHER INFORMATION (CONTINUED)

D. DEFINED BENEFIT PENSION PLANS (CONTINUED)

Investments

Investment Policy: The policy for the allocation of invested assets is established and may be amended by a majority vote of the Board of each pension plan. It is the policy of each pension plan Board to pursue an investment strategy that reduces risk through the prudent diversification of the investment portfolio across a broad selection of distinct asset classes. The investment policies of the City's pension plans discourage the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. There were no significant changes in the investment policies of the City's pension plans for the year ended September 30, 2024.

The asset allocation policies adopted by the pension plan Boards at September 30, 2024 were as follows:

	General Employees'	Police Officers'	Firefighters'
Domestic equity	50%	25%	45%
International equity	10%	30%	12%
Bonds and fixed income	25%	32%	15%

NOTE 4 – OTHER INFORMATION (CONTINUED)

D. DEFINED BENEFIT PENSION PLANS (CONTINUED)

Investments (continued)

Rate of Return: The money-weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested. The annual money-weighted rates of return on pension plan investments, net of investment expenses, were as follows for the year ended September 30, 2024:

	General Employees'	Police Officers'	Firefighters'
Annual money-weighted rate of return	16.90%	25.58%	19.49%

Net Pension Liability

The components of the net pension liability for the three pension plans for the most recent actuarial valuation as of October 1, 2023, were as follows:

	General Employees'	Police Officers'	Firefighters'
Total pension liability	\$ 252,418,896	\$ 209,770,651	\$ 231,295,485
Less plan fiduciary net position	<u>232,750,078</u>	<u>160,562,986</u>	<u>185,797,838</u>
Net Pension Liability	\$ 19,668,818	\$ 49,207,665	\$ 45,497,647
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	92.2%	76.5%	80.3%

The net pension liability is generally liquidated by the General Fund for the governmental activities and by net revenues of the applicable proprietary funds for the business-type activities.

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 4 – OTHER INFORMATION (CONTINUED)

D. DEFINED BENEFIT PENSION PLANS (CONTINUED)

Actuarial Assumptions

The net pension liability of each pension plan was determined by an actuarial valuation as of October 1, 2023 and measurement date of September 30, 2024, using the following significant actuarial assumptions:

	General Employees'	Police Officers'	Firefighters
Actuarial cost method	Entry age normal	Entry age normal	Entry age normal
Amortization method	Level dollar, closed	Level percent of payroll, closed	Level percent of payroll, closed
Remaining amortization period	3 years	14 years	16 years
Asset valuation method	Five year smoothed market	Five year smoothed market	Five year smoothed market

	General Employees'	Police Officers'	Firefighters
Actuarial assumptions:			
Investment rate of return*	6.60%	6.90%	7.15%
Projected salary increases	3.25% - 8.10%	4.50% - 11.75%	3.25% - 15.0%
Inflation rate	2.5%	2.25%	2.25%
Cost of living adjustments	None	1% annually	2% five years after retirement

* Includes inflation rate

Mortality rates - Mortality rates for the General Employees' Pension Plan are based on the PUB-2010 Headcount Weighted General Below-Median Employee Mortality Table. The Police Officers' and Firefighters' Pension Plans are based on the PUB-2010 Headcount Weighted Safety Healthy Employee Mortality Table. These are the same rates currently in use for regular and special risk members of the Florida Retirement System (FRS), as mandated by Chapter 112.63, Florida Statutes.

NOTE 4 – OTHER INFORMATION (CONTINUED)

D. DEFINED BENEFIT PENSION PLANS (CONTINUED)

Actuarial Assumptions (continued)

Actuarial Changes: There were no changes in benefits for the Firefighters' or Police Pension Plans. The assumed investment return for the General Employees' Pension Plan was reduced from 6.7% to 6.60% for the year ended September 30, 2024.

Rate of Return on Investments: The long-term expected rate of return on investments of each pension plan was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce a long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target allocation as of September 30, 2024 are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return		
	General Employees'	Police Officers'	Firefighters'
Domestic equity	5.1%	7.75%	7.5%
International equity	5.1	7.86	8.5
Bonds and fixed income	2.4	4.47	3.5
Real estate	3.7	8.36	4.5
Master limited partnerships	--	N/A	--
Commodities	--	5.54	--
Cash	--	4.03	--

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 4 – OTHER INFORMATION (CONTINUED)

D. DEFINED BENEFIT PENSION PLANS (CONTINUED)

Actuarial Assumptions (continued)

Discount Rate: The discount rate was based on the expected rate of return on investments of each pension plan. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on investments of each pension plan was applied to all periods of projected benefit payments to determine the projected total pension liability.

Changes in the Net Pension Liability

The changes in the net pension liability of the General Employees', Police Officers' and Firefighters' Pension Plans were as follows for the year ended September 30, 2024:

	Increase (Decrease)

Separately Issued Pension Plan Financial Statements

The City's external auditors did not audit the financial statements of the General Employees', Police Officers' and Firefighters' Pension Funds which were audited by other auditors. Copies of the separate, audited financial statements of each pension plan can be obtained from the City's Pension Boards by calling (561) 742-6081 or by writing to: Pension Administrator, 100 E. Boynton Beach Boulevard, Boynton Beach, FL 33435.

E. CRA DEFINED CONTRIBUTION PLANS

The CRA participates in a 401(a) defined contribution retirement plan and a 457(b) deferred compensation plan (the "Plans"). The Plans are qualified under Sections 401(a), 403(a) and 501(a) of the Internal Revenue Code and are administered by independent trustees. All employees who meet the Plans' eligibility requirements are qualified to participate. Employees make voluntary contributions to the 457(b) plan. The CRA contributes 28.5% of the total salaries of qualified participants to the 401(a) defined contribution retirement plan which totaled \$282,628 for the year ended September 30, 2024.

NOTE 5 – RELATED PARTY TRANSACTIONS

The CRA is a blended component unit of the City. For the year ended September 30, 2024, the CRA's tax increment revenue includes \$13,810,823 of taxes received from the City. The CRA reimbursed the City \$100,660 after receiving the Final Adjustment Certified Tax Roll on March 28, 2024.

In addition, the CRA reimbursed the City for services performed on behalf of the CRA, including recording, information technology services, Clean & Safe program, landscape and maintenance services, festival expenses, human resources and payroll services, facility rental and permitting fees paid during the fiscal year. Payments by the CRA to the City for these services for the year ended September 30, 2024, totaled approximately \$8,819,000.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO SCHEDULES OF CITY CONTRIBUTIONS (CONTINUED)

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

Actuarially determined contribution rates are calculated at October 1, two years prior to the end of the fiscal year in which the contributions are reported.

General Employees' Pension Fund	Police Officers' Pension Fund	Firefighters Pension Fund
------------------------------------	----------------------------------	------------------------------

Actuarial Changes

Revisions in benefits	None	None	None
Revisions in actuarial assumptions	(1)	(2)	(3)

- (1) The investment return assumption was reduced from 6.80% in the October 1, 2021 actuarial valuation to 6.70% in the October 1, 2022 actuarial valuation. The mortality table assumption was changed to reflect the same tables used by the Florida Retirement System as mandated by Chapter 112.63, Florida Statutes.
- (2) The mortality table assumption was changed to reflect the same tables used by the Florida Retirement System as mandated by Chapter 112.63, Florida Statutes.
- 3) The mortality table assumption was changed to reflect the same tables used by the Florida Retirement System as mandated by Chapter 112.63, Florida Statutes.

SCHEDULES OF INVESTMENT RETURNS
PENSION TRUST FUNDS

LAST TEN FISCAL YEARS

Fiscal Year Ended September 30,	Annual Money-Weighted Rate of Return, Net of Investment Expenses		
	General Employees' Pension Plan	Police Officers' Pension Plan	Firefighters' Pension Plan
2024	16.90%	25.58%	19.49%
2023	7.14%	10.65%	9.15%
2022	-12.80%	-14.28%	-15.75%
2021	19.90%	18.10%	19.36%
2020	7.30%	8.67%	6.44%
2019	3.80%	5.86%	5.36%
2018	9.70%	7.30%	8.78%
2017	12.50%	11.04%	12.86%
2016	12.60%	10.72%	11.07%
2015	0.80%	2.50%	0.78%

Notes to Schedule:

The money-weighted rate of return considers the changing amounts estimated as invested during a period and weights the amount of pension plan investments by the proportion of time they are available to earn a return during that period. Cash flows are estimated on a monthly basis and are assumed to occur at the beginning of each month. Cash inflows are netted with cash outflows, resulting in a net cash flow in each month. The money-weighted rate of return is calculated net of investment expenses.

Notes to Schedule:

Information prior to adoption of GASB Statement No. 75 in fiscal year 2018 is not available.

The plan is funded on a pay-as-you-go basis and is not administered as a formal qualifying trust. There were no plan assets as of the date of the most recent valuation. Since there are currently no invested plan assets held in trust to finance the OPEB obligation, the discount rate is the long-term expected rate of return on tax-exempt, high quality municipal bonds based on the *Fidelity 20-Year Municipal GO AA Index*.

Changes of Assumptions : Changes of assumptions and other inputs reflect the effects of changes in the discount rate each year. The following are the discount rates used for each fiscal year:

2024	3.81%
2023	4.63%
2022	4.40%
2021	2.19%
2020	2.41%
2019	2.75%
2018	3.83%

**COMBINING AND INDIVIDUAL
FUND FINANCIAL STATEMENTS**

MAJOR GOVERNMENTAL FUNDS

General Fund - The General Fund serves as the primary operating fund of the City. It accounts for all financial resources except those required to be accounted for in another fund.

Boynton Beach CRA Special Revenue Fund - The Boynton Beach CRA Special Revenue Fund accounts for revenues and expenditures relative to all the general operations of the City's Community Redevelopment Agency (CRA). It is a blended component unit that encourages development in the City's downtown area.

American Rescue Fund - To account for revenues and expenditures associated with the Coronavirus State and Local Fiscal Recovery Funds established by the American Rescue Plan Act (ARPA), which was signed into law on March 11, 2021.

Boynton Beach CRA Bond Projects Fund - To account for capital projects funded through bonds issued by the Boynton Beach Community Redevelopment Agency.

Total Adjustments	(699,869)	1,019,848
Net Cash Provided by Operating Activities	\$ 3,987,944	\$ 2,618,590

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are funds containing certain revenue sources set aside for a specific purpose. Some funds contain legal restrictions requiring that they may only be spent for a specific purpose.

Grants Fund - To account for Parks Development Grants and Law Enforcement Grants received by the City.

FEMA Hurricane Fund - To account for hurricane related grants and expenditures.

SHIP Grant Fund - To account for revenues and expenditures related to the State's affordable housing initiative program.

CDBG Grant Fund - To account for revenues and expenditures related to the Community Development Block Grant.

Traffic Safety Fund - To account for revenues and expenditures related to red light traffic cameras.

Local Option Gas Tax Fund - To account for gas tax revenues restricted for roadway program expenditures.

Community Improvements Fund - To account for revenues and expenditures relative to the City's low-income home improvements program.

Green Building Fund - To account for revenues and expenditures related to the City's energy improvements to public buildings.

Public Art Fund - To account for fees collected from developers to be used by the City for establishing and enhancing public art throughout the City.

Recreation Program Fund - To account for revenues and expenditures relative to recreation programs in the City.

Boynton Beach Memorial Park Fund - To account for revenues and expenditures relative to the City's two cemeteries.

Community Services Fund - To account for assets that are restricted for designated purposes.

Building Fund - To account for revenues and expenditures associated with the services provided by the building department.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for resources accumulated and payments made for principal and interest on long-term debt of governmental funds.

Public Service Tax Debt Service Fund - The Public Service Tax Debt Service Fund accounts for the payment of principal and interest and fiscal charges on the City's revenue bonds which are payable from non-ad valorem revenues.

Boynton Beach CRA Debt Service Fund - To account for the accumulation of resources for the annual payment of principal and interest on long-term obligation debt of the Boynton Beach Community Redevelopment Agency.

CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary and trust funds.

General Capital Improvements Fund - To account for City construction projects, such as major improvements to general City buildings and improvements to streets and sidewalks.

Parks & Recreational Facilities Fund - To account for the acquisition or development of City parks and recreational lands funded by fees collected from developers.

Local Government Surtax Improvement Fund - To account for infrastructure projects that will be funded by the one-cent sales surtax.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments of the government on a cost reimbursement basis.

Vehicle Service Fund - To account for the cost of operating a maintenance facility for automotive equipment used by City departments and administration of the City's fleet.

Warehouse Fund - To account for inventory and disbursement of commodities purchased in bulk.

Self Insurance Fund - To account for worker's compensation insurance coverage of all City employees and the City's general and auto liability self-insurance program.

Benefits Fund - To account for all expenses tied to the City's self-insured plan.

PENSION TRUST FUNDS

Pension Trust Funds account for the net position restricted for pension benefits and the changes in net position restricted for pension benefits of the City's three pension plans. Since these assets are not funds of the City of Boynton Beach, but those held in trust for employees and retirees, they are not included in the Government-Wide Financial Statements. Instead, they are reported in the following pages as part of the City's fiduciary responsibility.

General Employees' Pension Fund - To account for the accumulation of resources to be used for the retirement benefit payments to the City's general employees.

Police Officers' Pension Fund - To account for the accumulation of resources to be used for the retirement benefit payments to the City's sworn police personnel.

Firefighters' Pension Fund - To account for the accumulation of resources to be used for the retirement benefit payments to the City's certified fire personnel.

STATISTICAL SECTION

STATISTICAL SECTION TABLE OF CONTENTS

This part of the City of Boynton Beach's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

	<u>Contents</u>	<u>Page</u>
<u>Financial Trends</u>		
<i>These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.</i>		
Government-wide Net Position by Component	212	
Government-wide Changes in Net Position	213-214	
Governmental Activities Tax Revenues by Source	215	
Fund Balance of Governmental Funds	216	
Changes in Fund Balance of Governmental Funds	217	
<u>Revenue Capacity</u>		
<i>These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.</i>		
Assessed Value and Estimated Actual Value of Taxable Property	218	
Property Tax Rates – Direct and Overlapping Governments	219	
Ten Principal Property Taxpayers	220	
Property Tax Levies and Collections	221	
<u>Debt Capacity</u>		
<i>These schedules contain information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.</i>		
Ratios of Outstanding Debt by Type	222	
Ratios of General Bonded Debt Outstanding	223	
Direct and Overlapping Governmental Activities Debt	224	
Legal Debt Margin Information	225	
Pledged Revenue Coverage - Water & Sewer Bonds	226	
Pledged Revenue Coverage - Public Service Tax Bonds	227	
<u>Demographics and Economic Information</u>		
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.</i>		
Demographic and Economic Statistics	228	
Principal Employers	229	
<u>Operating Information</u>		
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.</i>		
Full-Time Equivalent City Government Employees by Function	230	
Operating Indicators by Function/Program	231	
Capital Asset Statistics by Function/Program	232	

Sources: Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Report (ACFR) for the relevant year.

Note: Details about the City's outstanding debt can be found in the notes to the financial statements. The debt for the business-type activities represents debt for our water treatment plants and wastewater collection and transmission system. These facilities serve our residents as well as non-residents on our water and sewer utility system.

* Governmental Activities includes outstanding debt for the Community Redevelopment Agency (CRA), consisting of the tax increment revenue bonds and a portion of the promissory notes.

Total direct and overlapping bonded debt payable from taxes	<u>\$ 1,651,065,000</u>		<u>\$ 58,643,562</u>
Boynton Beach estimated population			<u>\$ 83,705</u>
Direct and overlapping net debt per capita			<u>\$ 700.60</u>

Sources: Assessed value data used to estimate applicable percentages provided by Palm Beach County.
 Debt outstanding data provided by Palm Beach County and Palm Beach County School Board.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Boynton Beach.

The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the City's boundaries and dividing it by the county's total taxable assessed value.

REPORTING SECTION

**Independent Auditors' Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Honorable Mayor, City Commission and City Manager
City of Boynton Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("Government Auditing Standards"), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Boynton Beach, Florida (the "City"), as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated July 31, 2025. Our report includes a reference to other auditors who audited the financial statements of the Boynton Beach Community Redevelopment Agency (the "CRA"), which includes two major governmental funds of the City, and the City of Boynton Beach General Employees' Pension Fund, the City of Boynton Beach Police Officers' Pension Fund, and the City of Boynton Beach Firefighters' Pension Fund, fiduciary funds of the City, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those other auditors. The financial statements of the City of Boynton Beach Police Officers' Pension Fund and the City of Boynton Beach Firefighters' Pension Fund were not audited in accordance with *Government Auditing Standards*.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses and significant deficiencies, or a combination of deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we considered to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal

control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. We considered the deficiency described in the accompanying schedule of findings and questioned costs as item MW2024-001 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We considered the deficiency described in the accompanying schedule of findings and questioned costs as item SD2024-002 to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questions costs as SD2024-002.

City's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General

To the Honorable Mayor, City Commission and City Manager
City of Boynton Beach, Florida

Report on Compliance for Each Major Federal Program and State Project

Opinion on Each Major Federal Program and State Project

We have audited City of Boynton Beach, Florida (the “City”) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement*, and the requirements described in the *State of Florida Department of Financial Services*’ State Projects Compliance Supplement, that could have a direct and material effect on each of the City’s major federal programs and major state projects for the fiscal year ended September 30, 2024. The City’s major federal programs and major state projects are identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and major state projects for the fiscal year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program and State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (“GAAS”); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (“*Government Auditing Standards*”); the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“*Uniform Guidance*”) and Chapter 10.550, Rules of the Auditor General (“*Chapter 10.550*”). Our responsibilities under those standards and the *Uniform Guidance* and *Chapter 10.550* are further described in the “*Auditors’ Responsibilities for the Audit of Compliance*” section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified opinions on compliance for each major federal program and major state project. Our audit does not provide a legal determination of the City’s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs and state projects.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and Chapter 10.550 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and Chapter 10.550, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance, and which is described in the accompanying schedule of findings and questioned costs as item SD2024-003. Our opinion on each major federal program and state project is not modified with respect to this matter.

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item SD2024-003 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the internal control over compliance findings identified in the compliance audit described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the other auditing procedures applied in the audit of compliance and accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

CITY OF BOYNTON BEACH, FLORIDA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards and state financial assistance (the “Schedule”) presents the expenditure activity of all federal awards and state financial assistance of the City of Boynton Beach, Florida (the “City”) for the fiscal year ended September 30, 2024. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General. Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and the Florida Single Audit Act, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Certain pass-through entity identifying numbers were not available for pass-through awards listed in the Schedule for the year ended September 30, 2024.

NOTE 3 – INDIRECT COST RATE

The City has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

CITY OF BOYNTON BEACH, FLORIDA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

SECTION II – FINANCIAL STATEMENT FINDING

MATERIAL WEAKNESS

**MW2024-001 – LACK OF INTERNAL CONTROLS OVER FINANCIAL CLOSE AND REPORTING
(REPEAT FINDING – MW2023-001)**

Criteria

Policies and procedures should be in place to ensure transactions are recorded correctly as to account, amount and period and that reconciliations and closing procedures are sufficient to produce accurate and reliable financial information. The Committee of Sponsoring Organizations of the Treadway Commission (“COSO”) Internal Control Framework states that control activities are a component of internal control. Control activities are policies and procedures established to ensure that management directives are carried out, and consist of two elements, a policy that establishes what should be done and the procedure that implements the policy. COSO Framework states that control activities must be in place for there to be adequate internal control procedures over financial reporting. Internal control procedures affect the City’s ability to ensure financial transactions are authorized and accurate. City management is responsible for establishing and maintaining internal controls for the proper recording of all the City’s transactions and financial reporting.

Condition

The City is currently not performing its monthly and annual financial reporting closing process in a timely manner. An initial working trial balance ("WTB") was produced by the City's Finance and Accounting department on April 12, 2025, for the fiscal year ended September 30, 2024 and provided to the auditor. During fieldwork for this audit engagement, ninety-six (96) audit adjustments aggregating to approximately \$66,000,000, were required to correct the original WTB submission. Ultimately this led to a delay in the completion of the audit procedures and multiple changes to the amounts and disclosures presented in the draft financial statements which further delayed the financial statements completion and issuance date.

Cause

Due to significant turnover in the City’s finance department, there was a lack of timely reviews of account reconciliations and schedules for year-end closing procedures. The City’s internal controls did not detect or prevent the errors.

CITY OF BOYNTON BEACH, FLORIDA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

SECTION II – FINANCIAL STATEMENT FINDING (CONTINUED)

**MW2024-001 – LACK OF INTERNAL CONTROLS OVER FINANCIAL CLOSE AND REPORTING
(REPEAT FINDING – MW2023-001) (CONTINUED)**

Effect

The proposed audit adjustments were recorded by management to correct the financial statements. Lack of timely and complete financial reporting procedures increases the risk of inaccurate financial information and financial reporting errors that may not be identified in a timely manner, which ultimately delayed the completion of the audit.

Recommendation

We recommend the City establish or strengthen formal month end and year end reconciliation and closing procedures to ensure financial accounts are reviewed and approved by management on a timely basis. We suggest that the City establish effective review and reconciliation policies and procedures as a customary part of the accounting process and accounts should be reconciled with general ledger accounts on a timely basis.

View of Responsible Officials

Refer to the accompanying Corrective Action Plan.

CITY OF BOYNTON BEACH, FLORIDA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024

SECTION II – FINANCIAL STATEMENT FINDING (CONTINUED)

SIGNIFICANT DEFICIENCY

SD 2024-002 – NON-COMPLIANCE WITH FLORIDA STATUTES

Criteria

Section 218.39(1), Florida Statutes, requires that a local government shall have an annual financial audit of its accounts and records completed within nine (9) months after the end of its fiscal year.

Condition

The City did not issue and submit/file the September 30, 2024 financial statements with the Auditor General or the Annual Financial Report (“AFR”) to the Florida Department of Financial Services by June 30, 2025, as required by Florida Statutes.

Cause

Turnover of finance department personnel and a lack of closeout procedures delayed completion of the financial statements.

Effect

The City was not in compliance with the timely submission of the annual financial report to the Auditor General by June 30, 2025 as required by State Statute.

Recommendation

The City should ensure that adequate procedures and internal controls are in place to ensure that the financial statements are submitted in a timely manner. These controls should include controls requiring the reconciliation of account balances to the appropriate supporting documentation (e.g., general ledger, internal reports, note disclosures, etc.), the use of a disclosure checklist, and adequate training of staff with required accounting and financial reporting standards.

Views of Responsible Officials

See accompanying Corrective Action Plan.

Grant Period: October 1, 2023 through September 30, 2024

Pass Through Entity: Florida Dept. of Economic Opportunity, Florida Dept. of Transportation & Florida Division of Emergency

Criteria

2 CFR Section 200.512(a) requires the reporting package and DCF to be submitted to the Federal Audit Clearinghouse the earlier of thirty calendar days after the reports are received from the auditor or nine months after the end of the audit period.

Condition

Due to the delay in financial close of the City's books and records, a federal single audit for fiscal year 2024 was not performed in a timely manner and the DCF was not submitted by its due date of June 30, 2025. The UG requires the reporting package and DCF to be submitted to the Federal Audit Clearinghouse the earlier of 30 calendar days after the reports are received from the auditor or nine months after the City's year end.

CITY OF BOYNTON BEACH, FLORIDA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)

**SECTION III – FEDERAL AWARD AND STATE FINANCIAL ASSISTANCE FINDINGS
AND QUESTIONED COSTS (CONTINUED)**

SIGNIFICANT DEFICIENCY (CONTINUED)

SD 2024-003 Reporting – Data Collection Form (continued)

Cause

Due to significant turnover in the City's finance department, there was a lack of timely reviews of account reconciliations and schedules for year-end closing procedures which ultimately delayed the completion of the audit.

Effect

The City is not in compliance with 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Recommendation

Management should implement policies to ensure timely financial reporting and ensure the timely completion of an audit.

**Management Letter in Accordance with the
Rules of the Auditor General of the State of Florida**

To the Honorable Mayor, City Commission and City Manager
City of Boynton Beach, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Boynton Beach, Florida (the “City”), as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated July 31, 2025. We did not audit the financial statements of the Boynton Beach Community Redevelopment Agency (“CRA”), which underlying funds are reported as governmental funds, and the City of Boynton Beach General Employees’ Pension Fund, the City of Boynton Beach Police Officers’ Pension Fund, and the City of Boynton Beach Firefighters’ Pension Fund, which are fiduciary funds of the City. This management letter does not include any matters reported on separately by those other auditors in their management letter, if any.

Auditors’ Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors’ Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors’ Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General; Schedule of Findings and Questioned Costs; Summary Schedule of Prior Audit Findings; and Independent Accountants’ Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedules, which are dated July 31, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. The status of findings and recommendations made in the preceding annual financial audit report have been addressed in the Summary Schedule of Prior Year Findings.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 to the financial statements. Also, as discussed in Note 1, the City included the Boynton Beach Community Redevelopment Agency as a blended component unit of the City.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures to the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. The results of our procedures disclosed no matters that are required to be reported. Our assessment was performed as of the fiscal year end.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did identify items MW2024-001, SD2024-002, and SD2024-003 in the accompanying Schedule of Findings and Questioned Costs.

Property Assessed Clean Energy (PACE) Program

Section 10.554(1)(i)6.a., Rules of the Auditor General, requires a statement as to whether a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, did/did not operate within the City's geographical boundaries during the fiscal year under audit. There was no PACE Program operating within the City's geographical boundaries.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7., Rules of the Auditor General, the Boynton Beach Community Redevelopment Agency (the “CRA”) required information is reported in the Other Information section of the CRA’s stand-alone financial statements for the fiscal year ended September 30, 2024.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or fraud, waste, or abuse, that have occurred, or is likely to have occurred, that has an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, see accompanying Schedule of Findings and Questioned Costs.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Mayor and the City Commission and applicable management of the City of Boynton Beach, Florida, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Accountants' Report on Compliance
Pursuant to Section 218.415, Florida Statutes

To the Honorable Mayor, City Commission and City Manager
City of Boynton Beach, Florida

We have examined the City of Boynton Beach, Florida (the "City") compliance with Section 218.415, Florida Statutes, Local Government Investment Policies for the fiscal year ended September 30, 2024. Management of the City is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with Section 218.415, Florida Statutes, as of and for the fiscal year ended September 30, 2024.

This report is intended solely to describe our testing of compliance with Section 218.415, Florida Statutes, and is not suitable for any other purpose.

RE: CORRECTIVE ACTION PLAN RESPONSE FISCAL YEAR ENDED SEPTEMBER 30, 2024

MW2024-001 -- Lack of internal Controls over Financial Close and Reporting

Management acknowledges the finding. On March 15th, 2025, the new Finance Director implemented a Month-End close process with tasks scheduled from Day 1 to Day 20 for completion. There has been notable turnover in the Finance Executive leadership position since May 2024 – January 2025. The current Finance Director is the third director within a year. The new Month-End close process involves daily tracking with close procedure assignments for all finance staff. It has been successfully completed each month since its inception.

SD2024-002 – Non-Compliance with Florida Statutes

Management acknowledges the finding. Due to significant finance leadership turnover, the city lagged in audit reporting. The new Finance Director, who started on February 28th, 2025, reviewed the audit status in mid-March. The Finance Director hired an experienced Divisional Director, who took over the audit in late April. The newly implemented Month-End closed process will address any reporting issues and ensure compliance with the Florida State Statute. Additionally, the city will begin the year-end audit process each November of the following fiscal year.

SD2024-003 – Reporting – Data Collection Form

Management acknowledges the finding. Due to significant finance leadership turnover, the city lagged in audit reporting. The new Finance Director, who started on February 28th, 2025, reviewed the audit status in mid-March. The Finance Director hired an experienced Divisional Director, who took over the audit in late April. The newly implemented Month-End closed process will address any reporting issues and ensure compliance with the Florida State Statute. Additionally, the city will begin the year-end audit process each November of the following fiscal year.

Regards,

Alan Lawson
Finance Director/Treasurer
