- A tree survey, tree management plan, mitigation plan, condition assessment including photos (good, fair, and poor), or combination thereof, as part of an application submission shall be provided. Such submittals shall be prepared by an arborist certified by the International Society of Arboriculture or a Florida licensed landscape architect.
- A signed and sealed landscape plan is required unless it is waived by the Director of Planning and Zoning.
- If irrigation work is required, a Building Permit shall be submitted to the Building Division in conjunction with this application.

10. REPLACEMENT

Replacements shall be provided on-site, or payment in-lieu made to the Tree Canopy Trust Fund, as defined in *Table 4-1-a Replacement, Table 4-1-b Canopy Replacement, or 3. Payment In-Lieu of Replacement* of Part III, Chapter 4, Article I, Section 4.C. Mitigation of Existing Trees and Palms.

11. EXPIRATION and INSPECTION

Approval of the Landscape Permit is valid for a period not to exceed six (6) months from the date of issuance. If the scope of work covered by this permit is not commenced within this time period, the permit shall expire and be automatically cancelled. Inspection shall be approved prior to expiration (Part III, Chapter 2, Article II, Section 5.C.9. Expiration).

13. PAYMENT IN-LIEU OF REPLACEMENT

Upon determining that replacement of removed or to be removed trees or palms is not feasible due to the lack of available planting space, the Director of Planning and Zoning may allow the applicant to meet all or part of the replacement for trees or palms by paying into the Tree Canopy Trust Fund an amount of money according to the payment in-lieu schedule as defined in this application.

The payment shall be made prior to permit approval.

a. A payment in-lieu of replacement for tree removal shall be calculated based on caliper measurements, as provided in the table below.
